Vacancy Appointment

This position was originally held by Monica Bauer whose resignation was effective March 15, 2000.

A motion to approve the appointment of Kathryn Thomas to the Office of Circuit Clerk was made by Mr. Bertrand (B) and seconded by Mr. Baron. Voice vote (all ayes). Motion carried.

Certificates of Recognition

The following individuals were acknowledged for their years of service:

5 Years	Paula Spaulding, Circuit Clerk
15 Years	John Geary, Highway

Minutes of Last Meeting

A motion was made by Mr. Stump and seconded by Ms. Jackson to approve the “Minutes of Last Meeting” as presented. Voice vote (all ayes). Motion carried.

Claims Committee Report

A motion was made by Mr. Hoffman and seconded by Mr. Marcotte to accept the "Claims Committee Report". Roll Call Vote (26-ayes/0-nays/2-absent). Motion carried.

Communications

Mr. Martin advised letters were sent to the various representatives in support of a resort lodge at the Kankakee River State Park. This project is presented by the Kankakee County Convention and Visitor's Bureau.

6. County Clerk's Monthly Report for February, 2000
7. Building and Zoning Monthly Report for March, 2000
8. Circuit Clerk's Monthly Report for February, 2000

A motion was made by Mr. LaGesse and seconded by Mr. Wiseman to place the "Department Reports" on file. Voice vote (all ayes). Motion carried.

Committee Presentations and Resolutions

1. Highway and Bridge Committee

A. Award of Contracts

A motion was made by Mr. Kruse and seconded by Mr. Hoffman to approve the "Award of Contracts". Roll Call Vote (27-ayes/0-nays/1-absent). Motion carried.

B. County Highway Matching Tax Fund

A motion was made by Mr. Washington and seconded by Mr. Thompson to approve the "County Highway Matching Tax Fund". Roll Call Vote (27-ayes/0-nays/1-absent). Motion carried.

2. Building and Grounds

A. Sprint Refund of \$2,000 on Future Long Distance Bills

Gloria Lochner had done research on the County's long distance carrier, Sprint, and discovered we had accumulated 337,700 bonus points. 300,000 bonus points were redeemed as of April 1st and the County will be getting a credit of \$2,000 worth of long distance service.

B. New Telephone Contract with Ameritech and City Tax on this Bill

A twenty (20) month contract was negotiated with Ameritech (which would be a savings to the County between \$50,000 - \$60,000). This contract was also retro-active from March 1st at another saving of nearly \$5,000. The recommendation is to sign the twenty (20) month contract (at the above savings) and at the expiration of the Ameritech contract in November 2001, we will go out to bid with every telephone company available. At that time, the Centrex contract will also have to be re-negotiated. Ameritech also advised the County had also been paying the 5%

city utility tax for about twenty (20) years. As a governmental body it is believed we are not subject to that tax. Mr. Martin advised we have applied for this tax saving also.

A motion was made by Rev. Rucker and seconded by Mr. LaGesse to approve signing the Ameritech twenty (20) month contract. Roll Call Vote (28-ayes/0-nays). Motion carried.

- C. Mr. Case addressed the following expenditures for a Boiler and Equipment at the County Jail:
- | |
|--------------------------------|
| New Boiler – Cost \$43,500 |
| New Dishwasher – Cost \$15,984 |
| New Disposal – Cost \$3,231 |

A motion was made by Mr. Whitten and seconded by Mr. Tripp to approve payment of a Boiler and Equipment at the County Jail. Roll Call Vote (28-ayes/0-nays). Motion carried.

Ms. Lee addressed the contract with Johnson Controls that is related to the energy system and asked if the Boiler problem would be used with those funds. Mr. Case advised the Boiler would be used from those funds because it is energy related and will save a lot of money. Mr. Martin advised that Mr. Case could provide a report or an up-to-date accounting of all the various projects and funding as related to the County. This will be available for the entire County Board at the next County Board Meeting (May 9th). Mr. Case will provide a listing of the projects completed; the cost of the things that has been completed; the projected costs that are still in the contract and give an idea as to where the balance of the money is.

- D. 90 Day Extension for the Post Office Parking Lot

The Post Office requested a ninety (90) day extension to complete all their paperwork in order to make the final purchase. Their proposal was to submit a ninety (90) day extension to our Attorneys for approval and pay an additional \$600 for the use of the site.

A motion was made by Mr. Meents and seconded by Mr. Bertrand (B) to approve extension of the Post Office contract. Voice vote (all ayes). Motion carried.

- E. Replacing Security Equipment in Treasurer's Office

Because of the safety factor involved, it was decided this issue would be discussed in "Executive Session" at the end of Agenda.

3. Finance/Purchase/Audit Committee

- A. New M.I.S. Department Creation and Budget Amendment

Mrs. Courter-Dismang advised the intent is to create an information system payroll department that would stand on its own. This new department would be headed by Kevin Duval who have an accounting and finance background and possess the talents in technology and information system. He will be reporting directly to the County Chairman and overseeing Dave Arseneau (System Support) and Annie Syrstad (Payroll Administrator). The global objectives of this department fall under payroll administration; information technology and grant management.

The area that is currently occupied by the Economic Development Council will eventually be the payroll technology department.

A motion to approve the Budget Amendment to this New Department Creation was made by Mr. LaGesse and seconded by Mr. Wiseman. Roll Call Vote (24-ayes/4-nays). Motion carried.

Mr. Boudreau asked Mr. Duval if the W-3 Report had been filed. Mr. Duval replied, "yes". Mr. Boudreau further stated he would be very much in favor with this payroll if Mr. Duval could provide an outline of the projected levels on whatever time he felt so the County Board will have something to follow-up on to make sure things are taken care of. Mr. Duval replied he had started two (2) weeks ago preparing a report.

B. Inter-Fund Borrowing

Mr. Frechette addressed this issue. In an emergency situation, last week in order to make payroll, Mr. Frechette looked at the funds that had the money available at that time and the revolving loan fund which had \$863,000. He created a form, had Mr. Martin and Mr. Dunn sign this form and immediately transferred \$400,000 out of that fund. Mr. Frechette further explained that what the Law says, eventhough the County Board authorizes him to do so, at the next County Board meeting by 2/3's vote it will have to be approved what was already done.

Mr. Boudreau questioned the interest on the amount borrowed. Mr. Frechette read an Attorney General's opinion that stated there appeared to be no authority for the payment of interest. There was discussion on this issue. It was agreed our Attorneys would look into this matter.

A motion was made by Mr. Meents and seconded by Mr. LaGesse to authorize the transfer of funds. However, not to forgive the interest at this time, we may forgive the interest at a later date (subject to further findings from our legal staff). Roll Call Vote (28-ayes/0-nays). Motion carried.

Mr. Boudreau stressed the interest factor should be researched – legal opinion from Mr. Nelson/Ms. Gorski if we are totally in line to borrow from said fund and further requested that Mr. Frechette report at next month's Board Meeting the result of this (he asked that both give a report at next month's meeting).

4. Planning-Zoning-Agriculture Committee

A. Resolution – Licensing of Building Contractors

A motion to approve the resolution was made by Mr. Wiseman and seconded by Mr. Dailey. Roll Call Vote (26-ayes/1-nay). Motion carried.

Mr. Stauffenberg clarified that he stipulated he would vote for this resolution if the dollar amount was removed --- he was against charging a fee at this time and agreed the concept was fine. He suggested setting up the resolution, adopting it with no fee and when it becomes that we need to set up a fee, then we do that.

Amendment to the Motion

A motion was made by Mr. Ruch and seconded by Mr. Thompson that Section 5-90 (fee for the contractor license) be reduced to \$100 and \$50 after October 1st. Review will be made one (1) year from this time. Roll Call Vote (26-ayes/0-nays/2-absent). Motion carried.

Mr. Meents stated that in order that this does not become a general fund revenue source we should implement proper accounting procedures to keep those funds separate and solely for the cost of administering this program which would include the salaries, the fringe benefits and any paper that would necessarily accompany that particular job ---- it should be completely separate.

B. Resolution – ZBA Case #99-27, Petitioner Thomas & Kris Madison

A motion was made by Mr. Thompson and seconded by Mr. Jensen to approve this resolution. Voice vote (all ayes). Motion carried.

C. Resolution – ZBA Case #99-30, Petitioner Ron & Michele Pilotte

A motion was made by Mr. Jensen and seconded by Mr. Stump to approve this resolution. Voice vote (all ayes). Motion carried.

D. Resolution – ZBA Case #00-2, Petitioner Warren & Sharon Ouwenga

A motion was made by Mr. Washington and seconded by Mr. Thompson to approve this resolution. Voice vote (1-nay). Motion carried.

5. Administration & VAC Committee

A motion was made by Mr. Ruch and seconded by Mr. Tripp to vote on the appointments and/or re-appointments of “A through P” at one time. Voice vote (1-nay). Motion carried.

- A. Appointment of Don St. Germaine – Kankakee County Zoning Board of Appeals
- B. Re-Appointment of Randy Myers – Bourbonnais Fire Protection District
- C. Re-Appointment of Lyle Coffman – Limestone Fire Protection District
- D. Re-Appointment of David Peters – Manteno Community Fire Protection District

EXECUTIVE SESSION

Replacing Security Equipment in Treasurer's Office

Mr. Case stated it was brought to his attention by Mr. Frechette about the security in the Treasurer's office. There is no adequate security at the Treasurer's office.

After discussing with Mr. Frechette, Mr. Case stated the suggestion, basically, is that they could come up with four (4) cameras, a monitor and a four (4) quadrant monitor, and a constant recording timed tape VCR. This will give the ability to monitor the counters, the entrances, safes and exits.

Mr. Quigley advised there were devices that are available for less than \$100 that can be connected to any computer in an office that would work on the same principle. There are really some inexpensive ways in order to do this for home or bank security.

Mr. Case advised the cost would be roughly \$1,700.

Sold on November 17, 1997

Commonly known as: PENNSYLVANIA
and it appearing to the Treasurer's Committee that the redemption/re-conveyance party, ALGIA LEE WASH, has defaulted a Time Payment Contract.

Of the total amount due of \$491.83, the redemption/reconveyance party has only paid \$53.00. After several attempts to collect the balance, the Treasurer's Committee feels that the above mentioned party has defaulted on the contract and the funds collected should be disbursed.

THEREFORE, Your Treasurer's Committee recommends the adoption of the following resolution:

BE IT RESOLVED BY THE COUNTY BOARD OF KANKAKEE COUNTY, ILLINOIS, that the sum paid under this defaulted contract for redemption/re conveyance be disbursed as follows:

\$0.00 to be paid to the County Clerk's revolving Account to reimburse the charges advanced from this account. \$53.00 is to be paid to the Agent for his services under his contract and the balance, \$0.00, shall be paid to the Treasurer of Kankakee County, Illinois, to be disbursed according to law. This resolution to be effective for sixty (60) days from this date and any transaction between the above parties not occurring within this period shall be null and void.

Dear Mr. Martin,

The Kankakee County Republican Central Committee recommends the appointment of Kathryn Thomas to fill the vacancy of the Kankakee County Circuit Clerk. Kathy has worked in the Circuit Clerk's office for thirty years, serving as a minute clerk, co-ordinator of computer services, and as chief deputy.

Kathy's experience in the office will serve this county well. Your consideration and appointment to this office will be a positive step to providing continuing sound leadership to this important position.

Sincerely,

Bruce Clark

ARTICLE IV. LICENSING OF CONTRACTORS

Sec. 5-86. Purpose

To protect the public health, safety, and general welfare of the citizens of Kankakee County, the construction contractors' licensing program is hereby established. Said program shall ensure that all persons performing construction/or certain specified trades in the unincorporated areas of Kankakee County, carry the appropriate bonding and insurance necessary to insure safety to life and property from all hazards incident to the design, erection, repair, removal, demolition or occupancy of buildings, structures or premises.

Sec. 5-87. Definitions.

Contractor: means any person, partnership, corporation or other business entity engaged in the business of constructing, altering, or repairing buildings or other structures or lots and all trades of crafts associated with such work, including, but not restricted to, general building contractors, carpentry contractors, heating, air conditioning, ventilating, mechanical, electrical, plumbing, roofing, landscaping when it includes lawn sprinkler systems, masonry, concrete, insulating or drywall, fencing, pool installers, siding & gutter installers, and any other sub-contractors who require a building permit.

Any person constructing, repairing, or altering any building or structure within the County of Kankakee, for which a building permit is required, is presumed to be a contractor and must be licensed hereunder unless such presumption is rebutted.

Exemption: A homeowner, his/her family member or an unpaid friend engaged in constructing, altering, or repairing his/her personal residence or lot shall not be considered a contractor for the purposes of this chapter.

Family Member: means brother, sister, mother, father, aunt, uncle, step-brother, step-sister, step-mother, step-father, half-brother, half-sister, father-in-law, mother-in-law, brother-in-law, sister-in-law, and first cousin.

Sec. 5-88. License Required.

No person shall act or perform any services as a contractor or subcontractor within the County of Kankakee without first obtaining a license from the County of Kankakee, as herein provided.

Sec. 5-89. License Application.

All applications for a Contractor's License shall be made in writing to the Kankakee County Planning Department upon forms furnished by the County.

Sec. 5-90. License Fees and Term of License.

- A. The term of the license shall commence on January 1 of the year in which it has been obtained and expire on December 31. Licenses received any time after January 1 shall also expire on December 31 of that same year.
- B. The fee for a contractor license shall be \$100. If the license is applied for after October 1, the fee shall be \$50.

Sec. 5-91. Property/Homeowner Construction.

A license is not required for property/homeowner performing his/her own work on a project provided the following conditions are met:

1. All subcontractors must be licensed by the County.
2. Said property/homeowner shall sign an affidavit attesting to the fact that they are performing all of the work on the project.

Sec. 5-92. Bond Required

Each application for a license shall, before receiving such a license, deposit with the Kankakee County Planning Department a Permit and License Bond or Surety Bond. Said Bond shall be issued by a company approved and authorized to issue bonds by the State of Illinois bound to the County of Kankakee in the penal sum of \$10,000. Said bond shall be conditioned on the faithful compliance with the Applicant's duties and compliance with all applicable County Codes.

The Bond shall also provide that it is not cancelable without ten (10) days prior written notice, to the County of Kankakee, by the bonding company, unless released by the County of Kankakee.

Said bond shall be valid for up to three active building permits. A contractor shall be required to furnish an additional bond for each subsequent group of three building permits.

Sec. 5-93. Liability Insurance Required

- A. No person shall act as a general contractor or subcontractor within the County, unless exempt per Section 5-91, nor shall be licensed, unless said general contractor or subcontractor deposits with the Kankakee County Planning Department, a certificate of

liability insurance issued to said general contractor or subcontractor by a company approved and authorized to issue such insurance by the State of Illinois and said general contractor or subcontractor shall continuously remain insured for the full period of the License period, listing the County of Kankakee as the certificate holder, and written in the following amounts:

- | | | |
|----|--|-------------|
| 1. | General Liability | \$1,000,000 |
| 2. | Workers' Compensation
and Employers Liability | \$100,000 |
| 3. | Property Damage Liability | \$50,000 |
- B. A contractor with no employees must submit an affidavit (sworn and notarized statement) to that fact at the time of License application.
- C. If said insurance should at any time expire, be canceled or otherwise lapse, the License of the license holder shall immediately be revoked and all work, within Kankakee County, shall immediately cease.
- D. The Certificate of Insurance shall provide that the insurance is not cancelable during the policy period without the issuing insurer providing written notice within 10 days prior to cancellation written notice to the County of Kankakee.

Sec. 5-94. License Issuance.

- A. The Kankakee County Planning Department shall license contractors to work in unincorporated Kankakee County upon proper application, compliance with the provisions of this Ordinance, and payment of the fee set out in Section 5-90.
- B. All Licenses shall be valid for one calendar year from January 1 to December 31 unless otherwise revoked as prescribed in this Ordinance.
- C. All general contractors and subcontractors must register prior to being issued any building permits by the Kankakee County Planning Department.
- D. Any and all insurance companies used by general contractors or subcontractors to comply with the provision of this Ordinance must maintain a minimum A Rating.

Sec. 5-95. License Suspension, Revocation and Reinstatement.

- A. Any License issued under the provisions of this Chapter may be suspended or revoked, for any violation of any of the provisions of this Chapter. The Kankakee County Planning

Department may refuse to issue a license in the event that any of the provisions of this Chapter, which are conditions precedent to the issuance of the license, have not been met.

B. Any appeals from an action of the Kankakee County Planning Department to refuse, suspend, and/or revoke a shall be filed in accordance with Section 5-35.

Sec. 5-96. Repealer.

All resolutions or parts of resolutions in conflict with the provisions hereof are hereby repealed.

Sec. 5-97. Severability.

In the event that any court of competent jurisdiction may declare that any provision or part of a provision of this Chapter is void or unconstitutional, the remaining provisions, and parts of provisions not ruled void or unconstitutional shall continue in full force and effect.

Sec. 5-98. Enforcement.

The provisions of this resolution shall, at all times, be the duty of the Kankakee County Planning Department to regularly inspect the site of contractors' activities to see that the same are being conducted and operated in accordance with the requirements of all laws and ordinances applicable thereto.

Sec. 5-99. Penalty.

Penalties shall be in accordance with Section 5-46 of this chapter.

Secs. 5-100 – 5-105. Reserved."

ZONING BOARD OF APPEALS COUNTY OF KANKAKEE

TO: THE HONORABLE CHAIRMAN AND MEMBERS OF THE
COUNTY BOARD OF KANKAKEE COUNTY
COUNTY ADMINISTRATION BUILDING, KANKAKEE, ILLINOIS

RE: TOM & KRIS MADISON
A1 TO RE
ZBA CASE #99-27

Ladies and Gentlemen:

The Zoning Board of Appeals transmits for your consideration its findings and recommendation on an application for a rezoning from A1-Agriculture to RE-Rural Estate District on property commonly situated in Momence Township.

The property in question is located on the east side of State Route 1/17, commonly known as Dixie Highway. The property abuts Good Shepherd Manor to the north. The proposed site consists of 7 acres with 804 feet of frontage on a private drive. The lot is approximately 712 feet east of Route 17 on the private drive. The site is currently being farmed.

The County Comprehensive Plan indicated the area to be in residential use. The zoning in the general area is A1-Agriculture, R1-Single Family Residence, and C1-Restricted Commercial. The uses in the general area are residential, institutional, commercial, and agriculture. The site is served by the Momence Township Fire Protection District, Momence Unit #1 School District, and County Board District #2. The site is not located in a drainage district or a floodplain. A preliminary LESA score, completed by the Planning Office, is 164.9, which indicated a low rating for agriculture protection.

The petitioner, who was present, was represented by Attorney David Bergdahl.

Testimony indicated that the petitioner purchased the property in January of 1999. He now wishes to construct a home. The petitioner did not realize that the property was not zoned correctly. They plan to build a single family home and in the future build a barn for horses and have a garden. The petitioner's relation lives in the home to the east of the site.

The petitioner's have entered into an agreement requiring the petitioner to hook on to municipal sewer and water when it becomes available. The petitioner has given the City of Momence easements to install future water and sewer lines.

The petitioner provided the staff with a letter, from the City of Momence, indicating their support for the request.

Testimony further indicated that the property is technically land locked. The Planning Staff noted that the zoning ordinance requires any new lots or parcel "abut or front" a public right-of-

way. The petitioner wishes to access the parcel from the existing private drive. The Planning Office noted that the petitioner may have a problem with access to the property if the private drive was not brought up to township standards. Mr. Bergdahl indicated that the owners of the adjoining property have applied for a rezoning, and if approved, they intend to sub-divide and bring the drive up to County standard. He further indicated that the City of Momence is also aware of this proposal.

A correspondence, from Charles Phillips was read asking that the petitioner take care, when building, not to disturb the drainage tiles. A map of where the tiles are located was attached.

There were no objectors present.

- A. The proposed amendment is consistent with the purpose and intent of the zoning ordinance because it will serve to help lessen or avoid future traffic congestion in this area by reducing the area's future density, it will help assure to orderly growth of Kankakee County in that it will serve as a buffer zone for development north of Good Shepherd Manor, and will enhance the preservation of an aesthetic area north of Good Shepherd which includes rolling terrain and a significant swale. Further, the request will have to comply with any applicable subdivision regulations.
- B. The proposed amendment is consistent with the goals, objectives, and policies of the Comprehensive Plan. It provides for more efficient and harmonious land use patterns in that it will provide an excellent buffer for future development from Good Shepherd Manor by providing open space on the northern edge of the Manor and will help reduce the future density problems that may occur. The petitioners are planning to utilize the property as their primary residence, but are going to continue agricultural use of the property. The reason for obtaining such a large tract is their intention to raise several horses on the property, which is an agricultural use. They also intend to have a garden and do other agricultural activities on the property. It is the petitioner's intent not to subdivide the 7 acres further. The County Comprehensive Plan indicates the area to be in residential use.
- C. Petitioners will comply with all requirements of the City of Momence and Kankakee County Health and Planning Department as to water, sanitary facilities and drainage. Access to Illinois Route 1/17 will be provided by the existing 40-foot wide lane that runs between this lot and Good Shepherd Manor.

The petitioners have reached an agreement with their neighbors to the east and west of the land for the development of the lane into a road, with a 60 foot right of way, which would be dedicated once either of them needs to use the lane as a road. However, the petitioner is aware that access can be a problem if the drive is not improved in accordance with the subdivision regulations. Utilities are readily available, and the property is within the Momence School District and receives the benefits of the Momence Library, Fire and Park Districts.

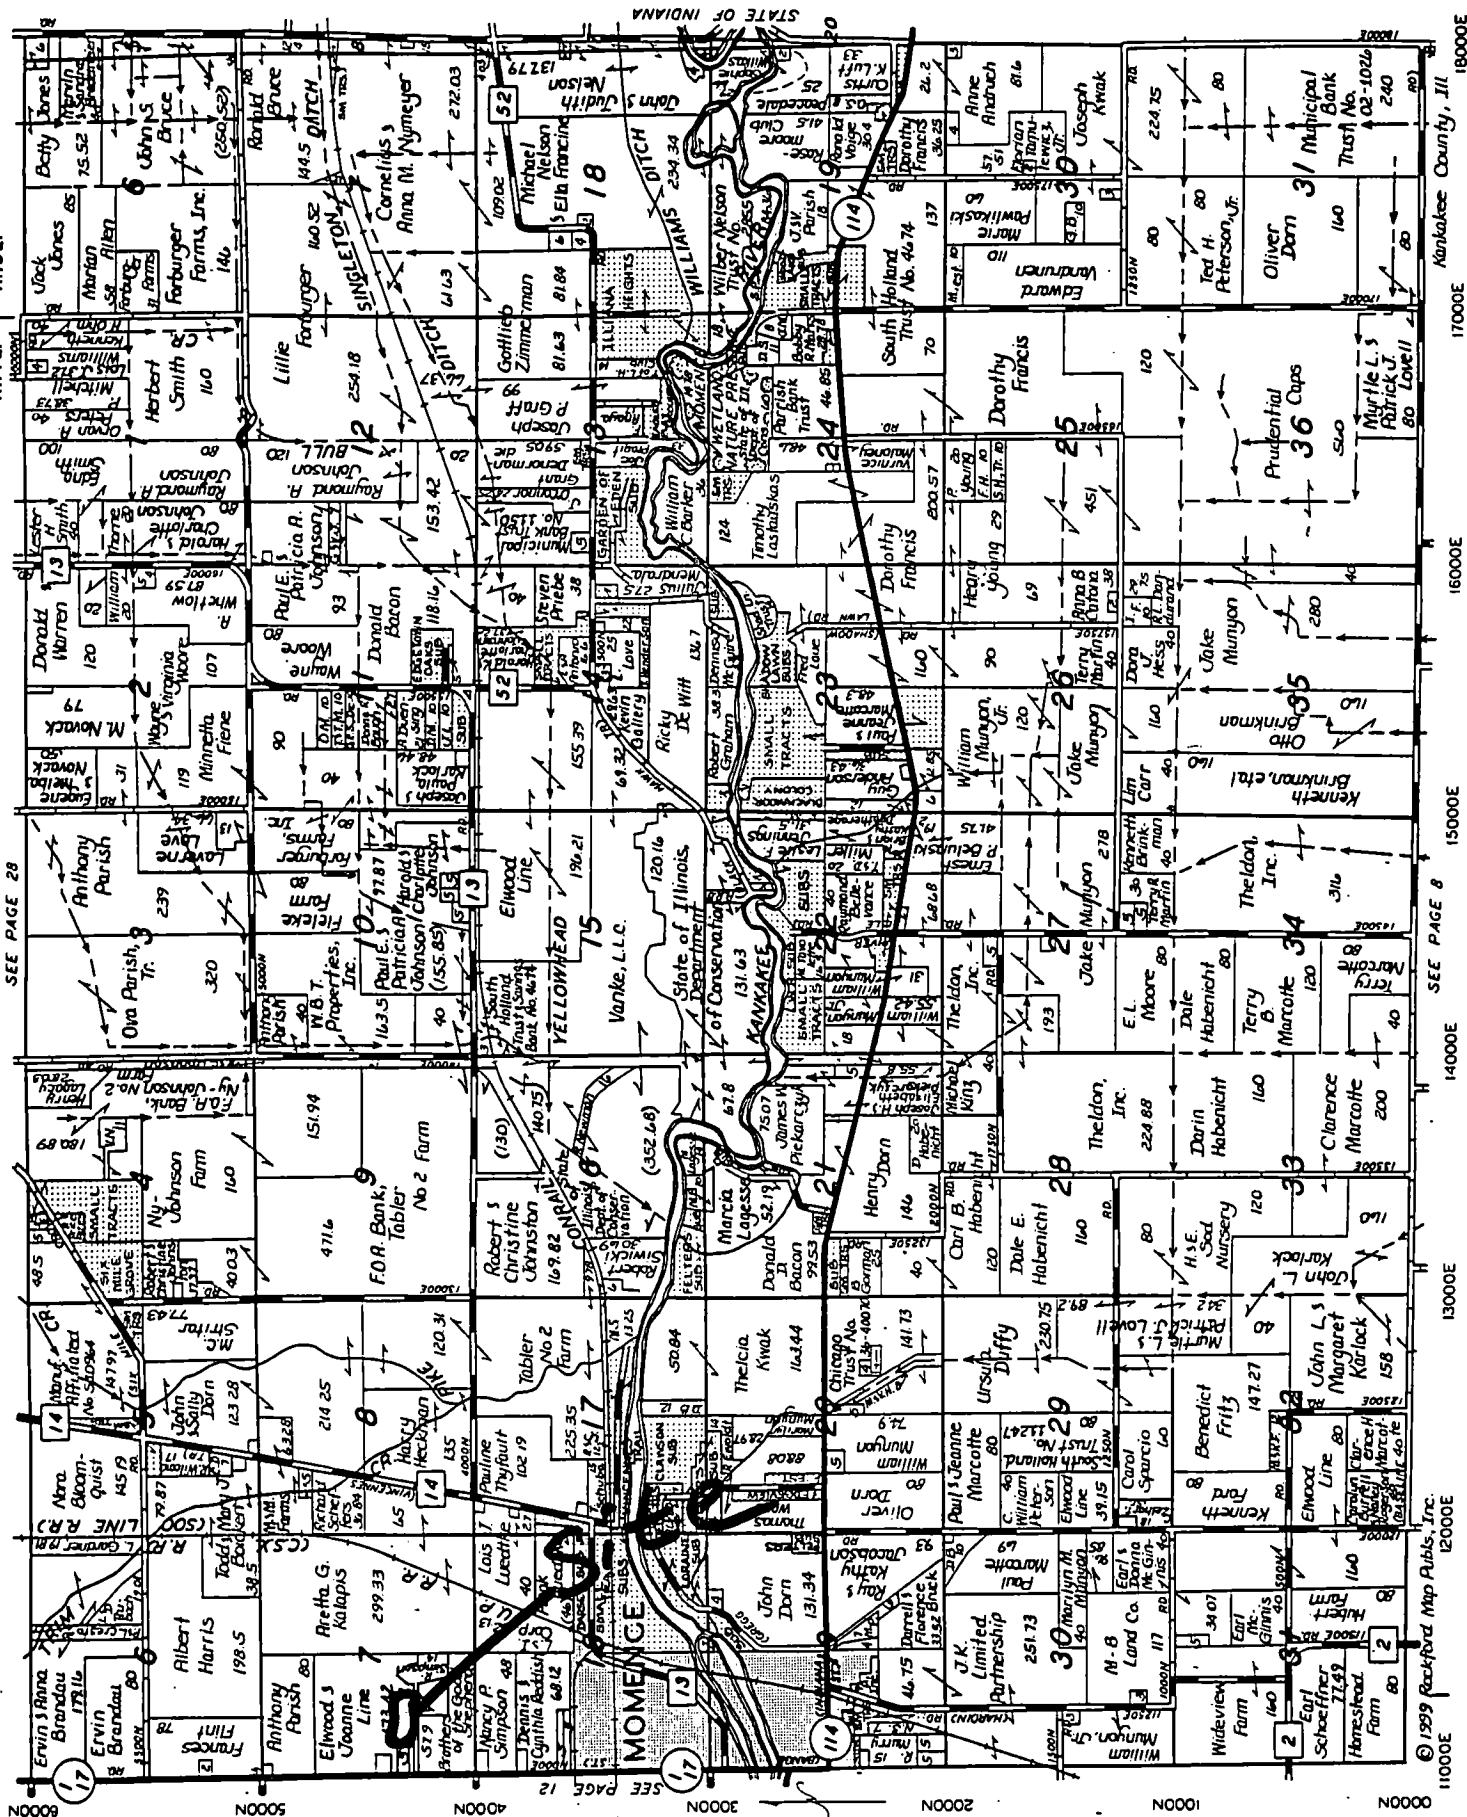

- D. The rezoning will be compatible with the existing uses of the property in the area. Good Shepherd Manor is directly south of this lot. Good Shepherd purchased a five acre parcel directly west of this lot from Elwood Line about the same time as the petitioners (between this lot and Route 1/17). Momence Congregation of Jehovah's Witnesses has purchased the five-acre parcel directly north of the five acres purchased by Good Shepherd. . South of Good Shepherd, several rural estates exist of approximately the same size of petitioner's lot, and two medical facilities (a chiropractor and Riverside's Momence clinic) are also located along Route 1/17. Momence Finer Foods has a "Future Home of" sign up on a parcel between the Riverside Clinic and the City of Momence's boundary.

On the west side of Route 1/17, a number of rural residences exist along both 1/17 and 4000 N Road. A church is located across from Good Shepherd, and a nursery recently built a new pole building across from the existing farmhouse on the east site. The existing uses, therefore, are a mix of public, church, commercial, residential, and agricultural. The proposed Rural Estate would be compatible with surrounding uses.

- E. The permitted uses, namely residential, in the Rural Estates zoning classification will not substantially increase the level of congestion on public rights of way in the area. The lane currently serves only the Simpson's home behind Good Shepherd, and as indicated above the petitioners have entered into an agreement for the development of the lane into a road in the future. Route 1/17 is a two lane state highway, paved with ditches on either side. One single family home will not affect the traffic substantially.
- F. The property is suitable for uses under the existing zoning. It has been tilled for years. However, the site is of rolling terrain making it not the best farmland. Seven acres is not large enough for a farm.
- G. The subject property is suitable for the permitted uses under the proposed zoning classification. The surrounding property has been used for public, commercial, churches, residential, and agricultural uses.
- H. The trend of development is towards commercial, residential, and public development of new facilities in the area. Good Shepherd Manor has constructed a number of new residential units on its property in the last year or so; the nursery has built a pole barn; and Riverside Hospital's clinic was recently built. Additionally, the Jehovah's Witnesses have a pending special use permit request on file, and the Good Shepherd has plans to develop additional residences on its new five-acre parcel.
- I. The proposed rezoning is within one and a half miles of the City of Momence.
- J. The preliminary LESA score is 164.9, which indicates a low rating for agriculture protection.

Based upon these findings of fact, the Board voted six (6) ayes to no nays to recommend approval of the request. Chairman Sawyer qualify his yes vote by stating that since the petitioner is willing to abide by the requirement of the County's Subdivision Regulations with regard to access from the private drive.

Respectfully submitted,

ZONING BOARD OF APPEALS COUNTY OF KANKAKEE

TO: THE HONORABLE CHAIRMAN AND MEMBERS OF THE
COUNTY BOARD OF KANKAKEE COUNTY
COUNTY ADMINISTRATION BUILDING, KANKAKEE, ILLINOIS

RE: RON AND MICHELE PILOTTE
R1 TO C2
ZBA CASE #99-30

Ladies and Gentlemen:

The Zoning Board of Appeals transmits for your consideration its findings and recommendation on an application for a rezoning of property from R1-Residential to C2-Commercial for the purpose of operating a plumbing and heating business facility.

The property in question contains 1.55 acres and is located on the west side of Vincennes Trail, (County Highway 13), approximately a quarter of a mile south of E 4000 N Road in Momence Township. Currently on the site is an office building with storage, and a covered storage area.

The existing uses in the general area consist of residential, agricultural, and commercial. The zoning classifications in the general area are R1, A1, and C2. The County Comprehensive Plan indicates the area to remain in residential use. This site is served by Momence Community Unit School District #1, Momence Township Fire Protection District, Kankakee County Sheriff's Police, and County Board District #2. The property is not located in a drainage district or a floodplain.

The petitioner, who was present, was represented by Attorney James Burns.

Testimony indicated that the site has historically been a commercial operation dating back to the 1940's. It was originally a slaughter house, then a seed corn company.

The petitioner indicated that he purchased the property in May of 1999 and intends to have a plumbing and heating operation on the site. The majority of the operation would be off-site service. Customers rarely go to the establishment, but rather telephone the company for service. Inventory would be stored on the site. The petitioner stated that the traffic would be less since the seed company had 27 employees with numerous farm vehicles. He stated that they have only six vehicles, being service vans, for which his employees take home. All utilities are on site.

The petitioner has future plans to possibly renovate portions of the structure to lease out as office space.

A letter was submitted from the City of Momence indicating that they were in favor of the request.

The Momence Township Supervisor was present and indicated that the Township was in favor of the request.

There were no objectors present.

Based upon the evidence submitted and testified to, the Board finds the following:

- A. The proposed rezoning is consistent with the purpose and intent of the Kankakee County Zoning Ordinance. The rezoning is consistent with 2.00 A, in that it provides for local jobs and tax base. As the best existing and previous use, it is consistent with 2.00 F by conserving the value of land, buildings and structures throughout the County. With less actual and anticipated traffic than that caused by the previous owner, the proposed rezoning is consistent with 2.00E. The petitioner will have to meet all of the setback requirements per the Kankakee County Zoning Ordinance.

The request does not constitute spot zoning. The rezoning will promote the general welfare of the community by providing jobs and increasing the tax base. The proposed use, while different from the adjacent uses of agriculture, is compatible with the existing adjacent uses. Further, it is consistent with commercial uses in the area north of the subject property. The proposed use is consistent with the preexisting use and is more compatible than the preexisting use to the adjacent cases. The area in which the proposed rezoning is small. This lot is not being singled out to give it greater rights than the surrounding properties in that it is compatible with the surrounding uses, and that the rezoning would merely confirm the business nature of the subject property.

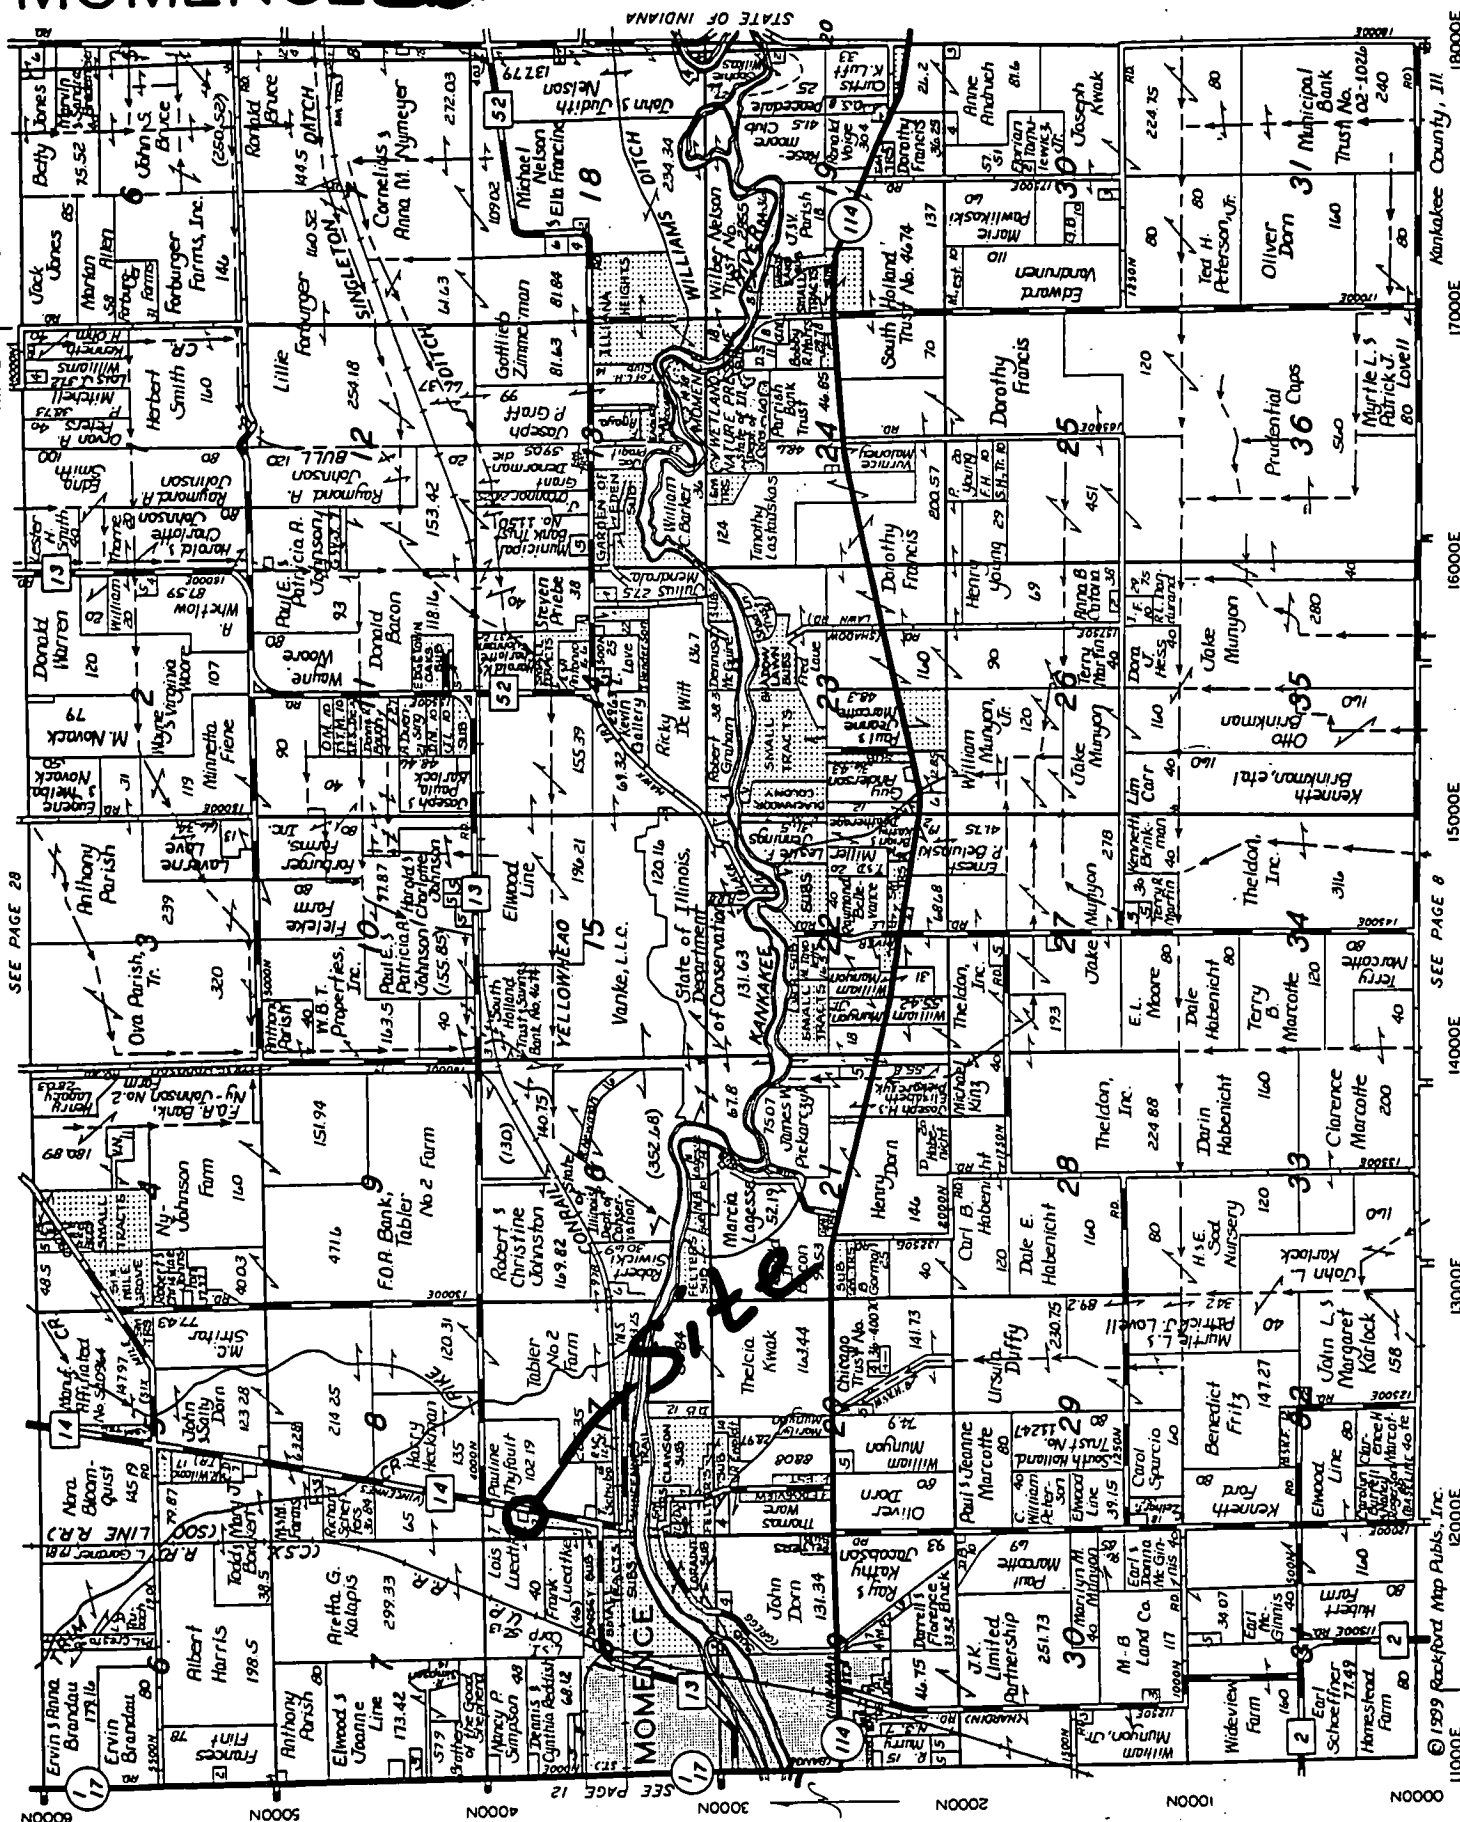

- B. The request is consistent with the Kankakee County Comprehensive Plan goals and objectives. The re-designation would confirm the existing best use of the subject property. There are no trends of residential expansion toward the subject property. No farmland will be taken out of production.
- C. All required utilities are or will be in place. The petitioner uses the utilities then in place at the time the subject property was purchased. No increase or modification in existing utilities is necessary for the proposed use.
- D. The proposed rezoning is compatible with the preexisting use of the subject property and is compatible with the current agricultural uses of the adjacent and surrounding properties.
- E. The permitted uses in the zoning classification being requested will not substantially increase the level of congestion on the public right-of-way. The prior seed company business created significantly more noise and air concerns as well as increased use of the public streets and highways.

- F. The site is not suitable for R1 given the types, sizes, and uses of the existing structures, the lack of adjacent R1 uses, and that a large portion of the site consists of a gravel parking lot.
- G. The property is suitable for the uses in the proposed zoning district. The site has been used as a commercial use since the 1940's. The facilities are currently suitable for commercial use.
- H. The trend of development, in the general area is uncertain. Owners/applicants note no new expansion of residential housing in the direction of the subject property, and note that all adjacent property is used for farming.
- I. The proposed rezoning is within one and a half-mile of the City of Momence. A letter from the City of Momence indicates their support of the rezoning.
- J. No LESA report is needed, as no farmland is being withdrawn from production.

Based upon these findings of fact, the Board voted six (6) ayes to no nays to recommend approval of the request.

ZONING BOARD OF APPEALS COUNTY OF KANKAKEE

TO: THE HONORABLE CHARIMAN AND MEMBERS OF THE COUNTY
BOARD OF KANKAKEE COUNTY
COUNTY ADMINISTRATION BUILDING, KANKAKEE, ILLINOIS

RE: Warren & Sharon Ouwenga
A1 to I2
ZBA Case #00-2

Ladies and Gentlemen:

The Zoning Board of Appeals transmits for your consideration its findings and recommendation on an application for a rezoning from A1-Agriculture to I2-General Industrial, to operate a small trucking company on property commonly situated in Manteno Township.

The property in question is located on the southeast corner of N3000 E Road and E7000 Rd. The parcel consists of approximately 20 acres, and is currently being used as an agriculture vegetable trucking operation. The site is located within one and one-half miles of the Village of Manteno. The site contains 2 large Morton Buildings, a building for an office, a single family home, grain bins, and a detached garage.

The County's comprehensive Plan indicates the area to be in Agricultural use. The Village of Manteno's Comprehensive Plan indicates the area to be an industrial use. The general uses in the area are agriculture, industrial, golf course and residential. The Kankakee County Sheriff's Police, Manteno, Fire Protection District, and County Board District #2 serve the site. The site is not located in a wetlands or flood plain. The site is located in the Union #6 Manteno and Bourbonnais drainage district.

Attorney Tom Cunningham represented the petitioner, who was present.

Testimony consisted of the following:

History of the site: The owner purchased the property in 1980 and used the site as a vegetable trucking operation. Truck traffic consisted of eight to ten 80,000 lb. trucks per day. The operation had 25 full time workers. There is a single family home on this site for which the owner has lived in since 1988. There is an 1800-sq. ft. building that housed migrant workers. The remainder of the structures were used for the vegetable farm. The buildings consume approximately 5 acres of the entire 20 acres. The other 15 acres is used for farming. The petitioner does not own any adjoining property.

Proposed use of the site: The petitioner indicated that he now wishes to retire and has a buyer for the site. The proposed purchaser recently acquired M & D Transfer, which is currently housed in a building on IL. State Rte. 50. The purchase of the company did not include the property or buildings. The new owners are currently leasing the structures until they can find another location. The company will have 12 semis and one straight

truck. There will be a total of 13 trucks with 5 vehicles for staff. There are a total of 32 trailers. Approximately 30% of the trucks would leave with a trailer; the remainder would just be the semi leaving.

Work on the site will consist of minor repairs and maintenance and the old migrant dormitory will be used for the offices.

The hours of operation will be 8 to 5, Monday through Friday. There will be a diesel tank located on the site for fueling. The IL State Fire Marshall's Office will handle the permitting process for the placement of the tank.

The proposed purchaser has contacted the Manteno Township Highway Commissioner and worked out an agreement on which roads may and may not be used.

The proposed purchaser has met with the Village of Manteno and entered into a pre-annexation agreement. The Village had no objections to the rezoning other than they stated, once annexed, the property would be zoned I1.

There was much discussion regarding changing the petition from I2 to I1. The Board felt that the proposed use could be classified as a cartage and express facility in the I1 District. The petitioner was agreeable to amending his request to a rezoning from A1 to I1.

Jim Stauffenberg was present and stated he was in favor of the request.

There were no objectors present.

Based upon the evidence submitted and testified to, the Board finds the following:

- A. The request is consistent in that the purpose and intent of the zoning ordinance is to classify, regulate and restrict the locations of the pursuit of local trades and rezoning allows the County to regulate and classify this property because it is in an area that has a considerable amount of industrial properties. The petitioners are willing to amend their request to I1-Light Industrial to be more compatible with the general area and the compatibility of the Village of Manteno's Zoning Ordinance
- B. The request is consistent with the Comprehensive Plan because of the substantial amount of industrial development in the area and because the area is indicated to be industrial in the future. The Village of Manteno Comprehensive Plan indicates the area to be in industrial use.
- C. All required utilities are in place. The property is serviced by an adequate and functioning well and septic system. Electric and propane gas also service the facility. Drainage is adequate for the facility, as no further improvements are planned. There will be no burden on the Manteno School District or Kankakee County College, both of which service this district. The Kankakee County Sheriff's Police already service this area. Recreational facilities are not nearby

nor needed for this rezoning. Accesses to the roads are in place for the expected traffic. The truck traffic will basically remain the same.

- D. The trend in this area is towards industrial development. There are numerous plants and warehousing facilities within a mile or two of the proposed rezoning. The proposed use of the property is also similar to the existing use except for the fact that the applicant will not be trucking solely vegetables and farm products.
- E. The permitted uses in the I1 District will not substantially increase the level of congestion on public rights-of-way because the existing use is a large vegetable and truck farm operation. The proposed use would have a maximum of 12-15 trucks in its operation that would be using the facility. The proposed purchaser has an agreement with the Manteno Highway Commissioner as to which roads can be utilized.
- F. The subject site is suitable for the uses in an agriculture district. The property has been used as a farm operation including trucking of vegetables and grain.
- G. The subject site is suitable for the uses in the I1 District. The existing use of the facility, as a farm and vegetable trucking operation. The trucking operation of the applicant under an industrial zoning would not greatly alter the current property, which has provided suitable for the property for more than ten (10) years.
- H. The trend of development is towards industrial. In the last ten (10) years, there has been substantial industrial development within 1 to 2 miles of the proposed rezoning.
- I. The subject site is located within one and a half miles of the Village of Manteno.
- J. No cropland is proposed to be taken out of production. The proposed purchaser intends to continue farming the remaining 15 acres until such time as expansion would be necessary.

Based upon these findings of fact, the Board voted six (6) ayes to no nays to recommend approval for a rezoning from A2-Agriculture to I1-Light Industrial, to be used as a cartage and express facility.

Rae Mona Lilly, 30, has been named sales manager for Garrison Partners, the exclusive sales and marketing agent for Holden Park, a community of single-family homes and town homes located in south-suburban Matteson and developed by Chicago-based Legacy Development Group. The announcement was made by Garry Benson, a partner of Chicago-based Garrison Partners.

Rae Mona Lilly of Homewood previously held the position of sales agent and was director of a community-development project. A licensed Realtor since 1995, she is a member of the Chicago Association of Realtors. In her new role, Lilly will be responsible for the day-to-day operations of the on-site sales office of Holden Park. She will manage the sales staff and assist in promoting the 63-acre development.

To whom it may concern:

It is with pleasure that I write a letter of reference for Don St. Germaine who along with Shirley St. Germaine operate American Universal Realty and Appraisal. I have been acquainted with the St. Germaines for approximately five years. They have developed a reputation with Municipal Bank to be dependable clients and knowledgeable real estate persons with adequate experience to determine property values.

On the frequent occasions that I have had the opportunity to work with the St. Germaine's, they have always worked in a professional and responsible manner.

Dear Mr. St. Gennaine:

On behalf of the Kankakee County Board, I wish to thank you for your help in assisting us with the sale of our property on Court Street between the Post Office and the Baptist Church.

Your appraisals were invaluable to us in consummating the sale. We were successful in selling the property and we found your appraisal of the property value to be right on line. If we had more citizens like you to help with the County's business, it would be much easier to carry out our responsibilities.

Thank you again.

VIEWPOINT

Valued service

By Lyle F. Coffman

Limestone Fire Protection District

Nearly one year has passed since a tragic event put the Kankakee County area (more specifically Bourbonnais) in the national news. On that fateful evening of March 15, 1999 (also known as the Ides of March), a horrible Amtrak train wreck changed our lives.

Many veteran firefighters soon uttered the words, "I've never seen anything like this before!" Also heard were thoughts on the number of training hours that are carried out planning for the "Big Disaster," and when it hits, chiefs, officers, and firefighters are all called up to do a job that includes making decisions that perhaps will have a direct effect on whether an individual lives or dies!

Many of those who responded that night are Volunteers and serve their communities on an on-call basis while also fulfilling full-time jobs elsewhere, not to mention their other hours devoted to family, church, schools, and civic duties that certainly encompasses their remaining time. Volunteering for the fire department is nothing new. In fact, it began over 350 years ago in primitive settings.

In Illinois over 70% of the firefighters serve their respective fire districts and departments as volunteers. They provide fire extinguishers, emergency medical services, search and rescue, hazardous material incidents, and other emergencies that they are likely to be called to (including but not limited to cats stuck in a downspout). On the average, they spend in excess of 50 hours per year on scheduled training activities, plus many more hours on skilled educational requirements including emergency medical training, just to meet their needed certification levels which are often times mandated.

Being a volunteer at the local Firehouse IS NOT business as usual anymore! Providing adequate staffing continues to be the biggest challenge the volunteer fire service has! Fire agencies across the United States find the process of recruiting volunteers, retaining trained personnel, and making certain someone comes to your call for help (especially during da time hours), is a 21st century focus!

As emergency situations become more complex and dangerous, the costs of recruitment and training as well as purchasing and maintaining apparatus continue to skyrocket! Most communities continue to look toward these volunteer fire brigades for more

and more services but often are reluctant to financially support to the level of the services they need, want, and expect. Some years back, a well known Kankakee County Board chairman (Marwood Hendrix) shared with me another one of his truisms when he said: "The volunteer fire department is the most efficient form of government in existence today!"

As we gaze into the Fire Service Crystal Ball, we see the future of the volunteer fire service changing. It will be heavily guided and directed by local officials who are visionary in their thoughts and care about every citizen in their communities. These administrators don't think of their personnel as "just volunteers," but rather they refer to them as "well trained professional volunteers serving our communities during times of disaster" (including train wrecks to name one).

If volunteer fire organizations are to continue well into the next millennium, administrators and fire personnel must communicate the Real World of Firefighting & EMS to its customers (citizens and taxpayers that support them), and the community must take more than a passive interest in this valued service by asking more questions and gaining more knowledge of what is provided in today's and tomorrow's realm of emergency services; not just, what is this costing me now?

Only after a reciprocating channel of communication is established between the fire department and the community will the problem of volunteer staffing and providing emergency services be met. Doing so may just help keep the volunteers in the firehouse, meeting the increased demands that are placed on them. Then and only then will the entire communities we reside in benefit fully through these mutual cost-effective arrangements.

Support and encourage your volunteers and the groundwork will be established for another 350 years of volunteer firefighting. Don't and it won't! These volunteers are a vital part of handling small or large emergency incidents in the area and could include YOU!! Without them, ALL emergencies would certainly be classified as.....

REAL DISASTERS!!!!!!

(Lyle F. Coffman has been an Illinois Volunteer Firefighter for 36 years on three fire departments. Currently he is president of the Board of the Limestone Township Fire Protection District.)

PETITION FOR APPOINTMENT OF FIRE DISTRICT TRUSTEE

We, the undersigned, respectfully represent as follows:

1. The undersigned are each duly appointed and acting Trustees of the Reddick Community Fire Protection District of Livingston, Kankakee and Grundy Counties, Illinois.

2. The said Fire Protection District is located partly in Livingston County, partly in Kankakee County, and a small part in Grundy County, Illinois.

3. The Reddick Community Fire Protection District was duly organized in 1980. Said District includes property located in Livingston County, Kankakee County and Grundy County, Illinois. In the organization of said District, the Circuit Court of Livingston County, Illinois, entered an order finding that the proper allocation of trustees for each fire protection district was that two of the trustees be residents of Kankakee County and that one of the trustees should be a resident of Livingston County.

4. That the undersigned, C.Ray Prussner, was appointed as a Trustee of said Fire District for a term extending until the first Monday in May, 2000, or until his successor was selected and qualified.

5. That the undersigned, C.Ray Prussner, resides in Kankakee County at RR 1, Reddick, Illinois, and is an elector in said Reddick Community Fire Protection District. He has served as a Trustee of said Fire Protection District for 17 years last past. He is the owner of real estate and is engaged in the business of farming in said Fire Protection District.

6. That the undersigned and each of them respectfully request the Chairman of the Kankakee County Board to re-appoint the said C.Ray Prussner as a Trustee of said Fire Protection District for a term expiring on the first Monday in May, 2003, and further respectfully request the County Board to confirm and consent to said appointment.

7. That, in accordance with the Statutes of the State of Illinois made and provided, the presiding officer of the County Board, with the advice and consent of the County Board, has the responsibility for making said appointment.

Dear Mr. Martin:

I am writing in regard to the vacated position on the County Board of Health. I would be honored to fill this position. I had been approached about this position several months ago, but there were some legal questions concerning my working in the Health Dept. Pediatric Clinic. I understand this has been resolved. I have enclosed a curriculum vitae, which outlines my past work and professional education. If there are any questions, please feel free to call me at your convenience.

Sincerely,

Dear Chairman Martin:

I am writing to you today to respectfully request consideration for appointment to the Kankakee County Public Health Department Board. This appointment would be very much aligned with my professional and community interest in public health, and I am excited for an opportunity to serve the community I am very familiar with.

Throughout my professional career, I have seen the positive impact good public health policy and procedures have on a community. From the promotion of good health to ensuring environmental safety throughout Kankakee County, the Public Health Department makes a difference. I share your commitment for a healthy Kankakee County, and with nearly two decades of progressive nursing and management experience, I believe my skills would be an asset Health Department Board.

My enclosed resume provides a complete summary of experience and education. At your convenience, I would be pleased to answer additional questions concerning my background and ideas for enhancement of the County's public health services.

Thank you for your consideration. I look forward to hearing from you.

Sincerely,

Roxanne E. Turner

Dear Chairman Martin:

Each year the term of one of the Kankakee County members of the Kankakee River Valley Area Airport Authority is up for renewal. This year my term expires in January 2000. I have served as Chairman of the Board since its inception in 1991, and wish to continue to serve on this Board in hopes of bringing a third airport to a green grass site.

Also this year Board member Don Mirieles resigned his position. Currently Donald Bourassa serves as an alternate to the Board and I would ask you to consider appointing him as Board member completing Mr. Mirieles' term which expires January of 2002.

I encourage the County Board to look favorably upon my reappointment and appointing Donald Bourassa to the Board. Thank you for your consideration.

Sincerely,

**Resolution of the County Board
of
Kankakee County, Illinois**

Ordinance # _____
Resolution # 00-04-11-070

RE: PROCEDURE FOR THE SALE OR DISPOSAL OF SURPLUS OR UNWANTED PROPERTY

WHEREAS, it has been determined by the County Board of Kankakee County that from time to time the County is in possession of property which is surplus, scrap, obsolete or unwanted; and,

WHEREAS, it is deemed in the best interest of cost-economics to authorize the Head of a Department which is in possession of such surplus, scrap, obsolete, or unwanted property to sell or otherwise dispose of such property; and,

WHEREAS, the County Board deems that it is in the best interest of the citizens of the County that a uniform procedure for sale or disposal of surplus, scrap, obsolete, or unwanted property be adopted, and therefore the Board recommends that the following procedure be adopted:

Section I

Definition of Surplus Equipment: Equipment which is no longer necessary or useful to or in the best interests of the County to retain.

Section II

Surplus items should be listed for disposal and the appropriate department committee should declare the items as surplus and authorize the disposition of said items. All items (combined) that would have an estimated salvage value of over five hundred and 00/100 (\$500.00) dollars should be put into the competitive bid process.

Section III

A copy of the list shall be distributed to each county department and each department shall be notified of the deadline established by the department head, by which county departments may obtain such surplus equipment. All purchases of surplus equipment by county departments are subject to the procedures set out in the Kankakee County Purchasing Ordinance as amended June 12, 1990.

Section IV

If no county department obtains such surplus equipment, then, copies of a list of surplus equipment and materials shall be posted in county buildings in places of general notice to all county employees and the general public. Any county employee or general public wishing to purchase any listed equipment must submit a written, sealed bid to the department head by the deadline posted on the notice and presented to the Administration Committee.

PROCEDURE FOR THE SALE OR DISPOSAL OF SURPLUS
OR UNWANTED PROPERTY

Page Two

Section V

Sales of surplus equipment to county employees and general public will be to the highest bidder.

Section VI

The department head shall prepare and file with the County Auditor a detailed report of the surplus equipment or materials sold, itemizing the items, purchase price, and purchaser.

Section VII

The provision of this ordinance shall not apply to the disposal of surplus equipment specifically provided for by the Illinois Compiled Statutes and the Kankakee County Highway Department.

Section VIII

To the extent that any department head is previously mandated by Federal requirements to follow bidding procedures, the provisions of this ordinance is superseded by Federal and State requirements.

Section IX

Any other County ordinance in conflict with this ordinance is hereby rescinded.

This ordinance shall be in full force and effect upon its adoption and passage in accordance with the law.

NOW, THEREFORE BE IT RESOLVED that the County Board of Kankakee County hereby establishes the procedures heretofore recited as and for its procedure for the sale or disposal of surplus, scrap, obsolete, or unwanted equipment.

ADOPTED AND PASSED THIS 11TH DAY OF APRIL, 2000.

To: Mr. Leonard Martin – Kankakee County Board President
Jim Dunn – Kankakee County Auditor
Subject: Unneeded Equipment
From: Richard A. Campbell, Superintendent, and VAC.

It is my understanding that to discard unneeded equipment I should first define the unneeded equipment.

**A Savin 7015Z Copy Machine
County Tag # 10146**

This piece of equipment was originally purchased by two veteran's organizations for the VAC The Veterans of Foreign Wars Post # 9961 and DAV #34. There really shouldn't be a tag on this machine. I already have a bid on this machine for \$50.00.

**Also, Adler 120P adding machine
County Tag # 11009**

**And, Texas Instrument II 513011
County Tag # 09754**

It is my understanding that there is no one who will repair adding machines of this caliber any longer.
