RE: PROCLAMATION HONORING WILLIAM GEORGEFF FOR HIS SERVICE TO KANKAKEE COUNTY AND THE UNITED STATES OF AMERICA

WHEREAS, William Georgeff has faithfully served the residents of Kankakee County as a Correctional Officer for the past sixteen (16) years, demonstrating professionalism, integrity, and a steadfast commitment to maintaining the safety and security of our community; and

WHEREAS, in addition to his service to Kankakee County, William Georgeff has honorably served as a member of the Army National Guard for the past eighteen and a half (18.5) years, exemplifying dedication to both his community and his country; and

WHEREAS, William Georgeff has answered the call to serve through multiple deployments, including a recent active-duty deployment to Alaska and a previous tour of duty in Kuwait, representing the very best of public service and patriotism; and

WHEREAS, the County of Kankakee recognizes the sacrifice and commitment required of those who balance careers in public safety with military service, and proudly supports the men and women who serve our nation while working within our county government; and

WHEREAS, the County of Kankakee is proud of our veteran employees who serve in multiple capacities and is deeply grateful for their willingness to protect both our local community and our nation; and

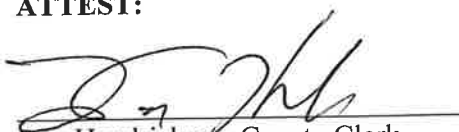

WHEREAS, the County of Kankakee also extends its gratitude to all veterans, past and present, whose courage and service have safeguarded the freedoms we enjoy today.

NOW, THEREFORE, BE IT PROCLAIMED that the County of Kankakee hereby recognizes and honors William Georgeff for his sixteen years of dedicated service as a Correctional Officer and his eighteen and a half years of honorable service in the Army National Guard. The County of Kankakee expresses its sincere appreciation for William Georgeff's commitment, sacrifice, and continued service to both our county and the United States of America.

PASSED and proclaimed this 12th day of May, 2026.

Sale Accounts with Potential Equity

TREASURER: The sale accounts listed below *may* have some equity related to the principles stated in Tyler v. Hennepin Cnty., Minnesota, 143 S. Ct. 1369 (2023).

We suggest you set aside the Potential Equity amount shown in the event a claim is made by the prior owner.

Our calculations are based on the limited information we have. We compare the County Auction proceeds to the final redemption amount. There may be additional taxes due for the current year and/or forfeitures that were not part of the original certificate. There may also be additional costs that we do not have in our data. These are only estimated amounts. Any sale accounts not shown on this report do not have potential equity, meaning the County Auction proceeds are less than the redemption amount. If no accounts are shown, then no current sale accounts have potential equity.

WHEREAS, The County of Kankakee, as Trustee for the Taxing Districts therein, has undertaken a program to collect delinquent taxes and to perfect titles to real property in cases in which the taxes on such real property have not been paid, pursuant to 35ILCS 200/21-90, and

WHEREAS, Pursuant to this program, the County of Kankakee, as Trustee for the Taxing Districts therein, has acquired an interest in the following described real estate:

KANKAKEE TOWNSHIP

PERMANENT PARCEL NUMBER: 16-09-32-428-021

As described in certificate(s) : 2021-00704 sold November 2022

and it appearing to the Finance Committee that it is in the best interest of the County to dispose of its interest in said property.

WHEREAS, City of Kankakee, has bid \$813.00 for the County's interest, such bid having been presented to the Finance Committee at the same time it having been determined by the Finance Committee and the Agent for the County, that the County shall receive from such bid \$150.51 as a return for its certificate(s) of purchase. The County Clerk shall receive \$149.49 for cancellation of Certificate(s) and to reimburse the revolving account the charges advanced from this account, the auctioneer shall receive \$0.00 for his services and the Recorder of Deeds shall receive \$63.00 for recording. The remainder is the amount due the Agent under his contract for services. The total paid by purchaser is \$813.00.

WHEREAS, your Finance Committee recommends the adoption of the following resolution:

BE IT RESOLVED BY THE COUNTY BOARD OF KANKAKEE COUNTY, ILLINOIS, that the Chairman of the Board of Kankakee County, Illinois, be hereby authorized to execute a deed of conveyance of the County's interest on the above described real estate for the sum of \$150.51 to be paid to the Treasurer of Kankakee County Illinois, to be disbursed according to law. This resolution to be effective for sixty (60) days from this date and any transaction between the above parties not occurring within this period shall be null and void.

RE: A RESOLUTION DESIGNATING COUNTY HIGHWAY 2 (4000 SOUTH ROAD) BETWEEN 13000 EAST ROAD AND 14000 EAST ROAD AS "HONORARY ROBERT AND LUCILLE HAYES ROADWAY".

WHEREAS, the County of Kankakee seeks to formally recognize and honor the extraordinary lives, service, and legacy of Robert Edward Hayes, Sr. and Lucille Hayes, whose lifelong dedication to faith, family, education, public service, and community left a lasting imprint on the Pembroke Township community and the County of Kankakee; and

WHEREAS, Robert Edward Hayes, Sr., born February 17, 1918 in Chicago, Illinois, devoted his life to public service and community leadership, serving as Fire Chief, School Board Member, Truant Officer, Pembroke Township Supervisor for four terms beginning in 1974, member and chairman of the Kankakee County Housing Authority, County Board Member, paralegal and investigator for the State's Attorney's Office, and organizer of numerous civic and political initiatives to improve the quality of life for Pembroke Township residents; and

WHEREAS, Robert Edward Hayes, Sr. was a founding member and Eucharistic minister of Sacred Heart Catholic Church, co-founder of the Pembroke Agricultural Corporation and its canning program, and a tireless advocate for securing federal and state resources to uplift the community; and

WHEREAS, Lucille Hayes lived 104 blessed years as a woman deeply rooted in faith, humility, wisdom, and unconditional love, serving as a faithful member of Sacred Heart Catholic Church where she exemplified her devotion to her Lord and Savior, Jesus Christ, through grace, compassion, and service to others; and

WHEREAS, Lucille Hayes dedicated many years as a teacher and principal, shaping young minds, instilling values, mentoring youth, and preparing generations for brighter futures, while generously giving her time to church and community service; and

WHEREAS, Lucille Hayes was a devoted wife to Robert Edward Hayes, Sr. for sixty-nine years, a loving mother, grandmother, and great-grandmother, and a pillar of strength whose home was built on faith, unity, respect, and love; and

WHEREAS, together, Robert and Lucille Hayes lived lives defined by faith, service, integrity, leadership, and an unwavering commitment to their family and community, leaving a legacy that continues to inspire all who knew them;

NOW, THEREFORE, BE IT RESOLVED That County Highway 2 (4000 South Road), specifically the segment between 13000 East Road and 14000 East Road, is hereby designated as "Honorary Robert and Lucille Hayes Roadway". The Kankakee County Highway Department shall ensure appropriate signage be installed along the designated segment to reflect this honor through May 12, 2036.

Description of Services: Design and Documentation

The intent of this proposal is to create an outline of the services needed to complete your project. The scope of work includes the renovations of the existing Kankakee County Courthouse.

The initial step in the drawing process was the schematic design phase and has been completed. The next phase is the design development phase which continued on with the drawings needed to move into the final phase which is the stamped / signed construction drawings. These are the construction documents needed to obtain bidding / permit and will be stamped / signed. The final architectural, structural, electrical, mechanical and civil drawings are based on the Design Development pricing drawings previously provided.

Construction cost estimating and construction scheduling to be provided by others. Coordination with the Kankakee County is required for access to the existing courthouse for field verifications.

Construction Documents – Bid and Permit Drawings

1. Architectural
 - A. Modify CAD file based on owner approved floor plans – lower level, first floor, second floor, attic and roof.
 - B. Continuation of meetings with Kankakee County and construction managers for coordination and input on scope of work and schedule.
 - C. Provide further development of demolition plans, floor plans, reflected ceiling plans, architectural site plan (for reference) based on design development phase feedback, pricing and revisions.
 - D. Provide demolition plans, floor plans, reflected ceiling plans, finish plans, room finish schedule, door schedule, details, roof plan, details and architectural site plan (for reference).
 - E. Book specifications for bidding and construction in coordination with Bear Construction (Construction Managers).
 - F. Deliver PDF file of architectural permit set (stamped and signed).
 - G. Respond to comments from permit reviewer.
2. Civil Engineering – Not Provided. Owner to provide civil engineering. Architect will provide footprint for Civil Engineering drawing submission.
3. Mechanical – Mechanical plans, required details and specifications will be provided by IMEG. See attached IMEG proposal.
4. Electrical – Electrical plans, required details and specifications will be provided by IMEG. See attached IMEG proposal.
5. Structural – Electrical plans, required details and specifications will be provided by IMEG. See attached IMEG proposal.
6. Interior and Exterior Material Selection – Final selections will be selected by Owner and coordinated with architect and contractor.

Construction Administration – Bidding and Construction

1. Architectural
 - A. Help with reviewing bid documents (drawings and forms) in order to obtain bids from contractors.
 - B. Review bids in order for owner to make selection. Answer questions regarding the drawings.
 - C. Respond to questions regarding the drawings during construction.
 - D. Site visits – Up to 2 per month for 14 months
 - E. Project meetings (OAC virtual meetings) – 1 per week.
2. Civil Engineering – Not Provided.
3. Mechanical, Electrical, Structural – See attached IMEG proposal.

Additional Services

1. Architectural
 - A. Scope of work increase for construction administration phase. An hourly rate can be applied to any additional request beyond the scope of work outlined.
2. Mechanical and Electrical – See attached proposal from IMEG.

Reimbursable:

1. Travel expenses for IMEG.

Re: Proposal for Services
Kankakee County Courthouse
Kankakee County Courthouse CD & CA Services
Kankakee, Illinois

IMEG #25005606.00

Dear Cole:

Thank you for the opportunity to submit this mechanical and electrical engineering proposal for advancing the renovation project at the Kankakee County Courthouse from the recently completed Design Development (DD) phase through the Construction Documents (CD) and Construction Administration (CA) phases.

We understand the scope of the project developed during the DD phase and shown on the DD drawings will remain unchanged.

Mechanical Design

Design of the replacement of the pneumatic damper actuators to electronic actuators on all dual duct boxes. Under the base bid the existing dual duct boxes will remain unchanged except for replacing the damper actuators and flexible ducts on the inlet side. Under an alternate bid, the dual duct boxes will be replaced, as well as the actuators and duct connections on both ends.

Design of two (2) new rooftop units (RTUs) including the associated supply and return ductwork distribution. One (1) RTU will serve Courtroom 200 and the other RTU will serve Courtroom 300. These courtrooms are currently served by the two (2) existing AHUs located in the penthouse and the pre-testing found that Courtroom 200 has no air flow and Courtroom 300 has a fraction of the air flow it needs.

Extension of natural gas piping to the new RTUs on the roof and coordinate necessary gas service revisions with the gas company.

It is understood the County directed the design team to keep the two (2) penthouse air handling units (AHUs), associated condensing units, and distribution ductwork without modification. Pre-testing and balancing of the two (2) AHUs serving the upper three (3) levels of the courthouse indicate that both air flow and external static pressure are materially below the original design parameters, even after cleaning of the coils and supply fans. As such, system performance is deficient, and no meaningful improvement is anticipated following completion of the project and subsequent testing and balancing.

Specification of a direct digital control (DDC) temperature controls system for the new dual duct damper actuators and thermostats and the two (2) new RTUs including control diagrams and the location of temperature sensors.

Specifications for the final testing and balancing of the two (2) existing AHUs and associated dual duct boxes and the two (2) new RTUs.

Electrical Design

Identify light fixtures for removal associated with the removal and replacement of ceilings.

Select replacement LED fixtures and controls for spaces that will have new lighting.

Design of 120 volt circuits on each floor to accommodate control wiring to new electronic actuators on the dual duct boxes.

Design of power supply to the two (2) new RTUs with disconnect switches and conduit routing layouts.

Standby generator sizing, transfer switch, and critical load connections, including surge protection. This is for one (1) generator sized for the entire building load and located on the south side of the courthouse property as designated on the DD drawings. The generator will not be sized to accommodate a future pump as there are no current or future plans to sprinkle the building.

Assist with a possible solution to mitigate the manual reset required during a power outage for the elevator equipment.

Telecommunications conduit rough-in only for the renovated courtroom on the first floor.

General Design

Prepare applicable mechanical and electrical specifications.

Prepare contract documents that are suitable for pricing and construction purposes.

Participate in up to three (3) Owner/design team web conference meetings.

Bidding Phase

Attend Prebid meeting via web conference, if necessary.

Respond to contractor questions.

Prepare addenda information as required.

Construction Phase

Attend Preconstruction Conference via web conference, if necessary.

Answer Contractor questions and Requests for Information (RFIs).

Review Contractor responses to RFPs and change orders prior to work commencing.

Review shop drawing submittals for items requested in the contract documents.

Conduct up to fourteen (14) job site observations by a single person during the anticipated fourteen (14) month construction period. Job site observations exceeding that amount will be on a time and material basis. The number of job site visits ultimately required will be dependent on the construction duration, construction phasing, and conditions encountered.

Participate in up to fourteen (14) web conference construction meetings.

Assumptions

The following assumptions are in addition to those listed under IMEG's scope of services above.

General

All civil, architectural, structural, and technology design will be by others.

Copies of all available building and system drawings, reports, maintenance information, etc. will be provided to IMEG.

Accurate ACAD floor plans of the building, including the basement, attic, and roof will be provided to IMEG, along with necessary site and survey plans to show the location of the proposed standby generator and conduit routing to the building. Some architectural building sections and elevations may also be required.

Documents prepared by the Engineer will be prepared based upon reasonable assumptions derived from existing information provided by the Owner and from limited observation of accessible and visible existing conditions by the Engineer without the benefit of extensive field measurements and investigation prohibited by expense and inconvenience to the Owner. It is understood and agreed that unforeseen conditions uncovered during the progress of the project may require changes in the project, resulting in additional cost and delay.

The project will be designed by IMEG using Building Information Modeling (BIM) software with Autodesk Revit® as the platform. The BIM deliverable will be no greater than Level of Development (LOD) 300 as defined in AIA Document E202. A Revit® model including architectural and structural components or AutoCAD® files suitable for use as backgrounds for building and site will be provided to IMEG. Extensive modification of Revit® model or AutoCAD® backgrounds will be considered additional services.

The Revit® model is only inclusive of those systems and trades designed by IMEG. The Revit® model will not include Owner/vendor-provided and installed systems requiring coordination by the installing contractors. The Revit® model is intended for internal coordination among the design team. It is understood the model is not intended to be an exact and complete three-dimensional representation of how the Contractor will route and locate utilities and equipment.

Modeling of existing conditions will be limited to the extent required to produce specifications and 2D contract documents.

Occupancy separations, fire assemblies, and fire/smoke separations will be determined by the Architect and provided to IMEG early in the design phase.

Guardrails, ladders, stairs, platforms, or other components for accessing mechanical equipment will be designed and coordinated by others and will be part of the General Contractor's scope of work.

IMEG will have access during normal courthouse business hours to look above ceilings and perform field investigations.

It is possible that some exploratory openings may be needed in existing ceilings, walls, etc., to accommodate investigation of existing building systems. The costs for this work are not included and would be performed by others.

Reflected ceiling plans showing all ceiling components and devices will be provided by others.

Identification, testing, and/or removal of hazardous materials will be by others.

All construction cost estimating will be others.

IMEG assumes the Construction Manager will be using a web-based project software site, at their cost, for the purpose of hosting and managing project communication and documentation.

The project will be awarded as a single prime contract for construction. Phased design and/or issue of early documents are not required.

IMEG will be given up to 10 working days for responding to shop drawing submittals, RFIs, and other similar construction correspondence.

Mechanical and Electrical

Where existing systems are to be revised and reused, pre-testing documentation of system capabilities in the area of work will be provided to IMEG, as requested, prior to the start of the Design Development phase. The pre-testing information required may include HVAC system performance, hydronic system performance, and electrical system loads. If such information is not available, or if the systems have not been documented within the last two (2) years, IMEG will assist the Owner in developing a scope of work that can be provided to a testing firm, who will complete the documentation of the systems. The cost of the testing firm and its documentation of the systems is not included in IMEG's fee.

Existing base building systems are code compliant and have adequate capacity to support the project requirements. The design for base building system modifications, replacements or new installations to support the project will be considered an additional service.

A complete list of Owner-furnished equipment will be provided to IMEG, along with utility connection locations, utility loads, heat dissipated to the space, disconnect requirement, start-stop controls, and other contractor coordination issues, prior to 25% completion of construction documents.

Site utility design beyond 5'-0" of the building perimeter, except for the electrical feeder to the generator, shall be the responsibility of others.

The telecommunications grounding and bonding infrastructure will be designed by the designer of the structured cabling system.

Compensation

We propose to provide the services described above for a fixed fee of \$150,000, broken down as follows.

CD Phase:	\$105,000
CA Phase:	\$45,000
Total:	\$150,000

Should the size and/or scope of the project, project schedule, or project budget change, IMEG reserves the right to adjust our fees, or new or increased services will be provided as additional services.

Project Expenses

The following reimbursable expenses are not included in the above fee and will be invoiced with a 1.1 multiplier of actual cost:

- Reproduction costs for other than internal IMEG use.
- Payment of plan review fees, permit fees, filing fees, or other imposed governmental agency fees.
- Project specific insurance coverage riders or amendments necessary to comply with required insurance requirements above current IMEG limits and conditions.
- Postage and delivery charges.
- Travel related expenses: Automobile mileage will be invoiced at the IRS rate in effect at the time of travel. Travel expenses include mileage, tolls, parking fees, rental car and fuel, and other out of pocket travel related expenses. Meals and lodging, when required to travel overnight.
- Expenses for safety training, background checks, vendor registration sites, and drug testing to access the site.
- Necessary consultants as approved by Client.

Additional Services

IMEG can include the following as additional services. Additional services will be performed on a time and material basis using IMEG's standard hourly rates in effect at the time the service is performed, or for a negotiated fee, and only after approved in writing.

General

Services within IMEG's expertise not included above.

Additional job site observations or web construction conferences over and above the quantities described above.

Fire protection design.

Fire alarm system upgrades.

Technology, security, or access control design.

Site surveys such as those that may be required to design and show the underground cabling between the remote generator and the courthouse building.

Condition assessment surveys or invasive field takeoff to determine existing conditions that are not readily accessible or visible.

Assistance with grants and other related funding applications.

Value engineering or negotiating construction cost/scope/alternates with contractors and related document revisions after Construction Documents are complete.

Additional effort to support expedited, segmented, and/or express building permit process.

Revising IMEG design documents as a result of equipment lead times or supply chain delays.

Revising IMEG design documents arising from contractor's failure to comply with the contract document requirements.

Continuous updates to the design drawings throughout the construction administration period based on RFIs, box walk changes, Authority Having Jurisdiction/building inspector field comments, and other field changes.

Preparing as-built and/or record documents from markups or files provided by contractors or verifying the accuracy and completeness of same.

COMcheck, LEED, WELL, or building certification criteria evaluation, energy modeling, calculation, justification, and documentation.

Audit or field takeoff of existing or new furniture, fixtures, and equipment (FF&E) and associated utilities.

Revising equipment layout and connections, and floor plan modifications, after IMEG's Design Development documents are complete.

Performing a confirmation site observation after the final job site observation has been completed.

Systems commissioning and special inspections. Please be advised that commissioning and/or special inspections may be required by some building/energy codes, even though it is excluded from this Proposal. If commissioning or engineering-related special inspections are required, IMEG can provide a proposal for additional services, or these services may be conducted by a third party.

Mechanical

Replacement of the existing AHUs and associated condensing units.

Revisions to existing boilers and heating water systems, except for fin tube radiation modifications as needed for remodeling the courtroom at the southeast corner of first floor.

Revisions to any of the existing HVAC systems serving the basement.

Revisions to any building exhaust systems.

Engineered smoke control systems for atrium smoke removal, stairwell/hoistway pressurization, or zoned smoke control.

Life cycle cost analysis.

ASHRAE 90.1 Energy Standards confirmation or building modeling.

Assist in compliance with ASHRAE Standard 188-2015 Legionellosis: Risk Management for Building Water Systems.

Electrical

Lightning protection system evaluation and design.

Development of an arc flash hazard analysis or modifications to an existing arc flash analysis for the facility.

Closing

The attached Terms and Conditions dated 09.2024 are made a part of this Proposal. This Proposal is valid for 45 days from the date of this offer.

We will begin our services following acceptance of this Proposal for Services. Acceptance may be conveyed via email or by signing this offer and returning it to our office.

Notwithstanding the foregoing sentence, if you or members of your firm engage IMEG for services for the referenced project, either verbally or by actions that imply acceptance of this Proposal, such as providing drawings, submitting questions, requesting engineering information, etc., without returning a signed copy of this Proposal, it is expressly agreed that acceptance of all terms and conditions of this Proposal will be implied and contractually binding.

Terms and Conditions

1. Definitions:

"Agreement" - Collectively IMEG's proposal, these Standard Terms and Conditions, IMEG's Standard Hourly Rates, and any exhibits incorporated expressly by reference, herein.

"Change Order" - Any additional Services or change in schedule related to the Project requested by IMEG or Client.

"Client" - The party for whom Services are being provided, and its directors, officers, affiliates, employees, and agents.

"Day(s)" - Any day other than Saturday, Sunday, or any other day on which banks in New York are closed.

"IMEG" - IMEG Consultants Corp., and its directors, officers, affiliates, employees, and agents.

"Losses" - Any loss, liability, claim, damage, cost, expense, and reasonable attorney's fees.

"Party" - Each of IMEG and Client; "Parties" means IMEG and Client collectively.

"Project" - The specific project for which Services are performed pursuant to this Agreement.

"Project Owner" - The party responsible for the initiation, funding, and oversight of the Project.

"Services" - The services or work performed by IMEG in any office location for Client on the Project.

"Standard Hourly Rates" - The current hourly rates set by IMEG for Services performed under this Agreement.

2. Standard of Care/Performance: Services provided by IMEG under this Agreement shall be performed in accordance with the professional skill and care ordinarily exercised by professionals practicing under similar circumstances in the same or similar location ("Standard of Care"). It is explicitly understood and agreed that the Standard of Care does not demand perfection, and IMEG will not be responsible for any cost escalations, separate and apart from IMEG's negligence as defined in Section 11, throughout the Project's duration. Nothing contained in this Agreement or within any certification/representation statement shall obligate, bind, or require IMEG to exercise professional skill and judgment greater than the Standard of Care. IMEG makes no warranty or guarantee, express or implied, and shall not be responsible for any failure to follow or apply any knowledge or techniques which are not generally known or accepted. Should Client seek additional design parameters in contemplation of future climate change, such parameters shall be explicitly outlined in the Services. IMEG shall perform Services pursuant to an agreed-upon schedule as is consistent with the Standard of Care.

3. Information: Except as otherwise defined in the Services, Client shall facilitate the exchange of information among the Project Owner, IMEG, and other service providers as necessary for the coordination of the Project. IMEG shall be entitled to rely on the accuracy and completeness of such information furnished by Client or Client's other service providers. IMEG shall not be liable for inaccurate data, specifications, or other Project requirements submitted to it by or on behalf of Client. If there are updates or changes to any information provided to IMEG in furtherance of the Services, Client is responsible for advising IMEG's personnel of such updates or changes in writing.

4. Limitation of Responsibilities: IMEG shall not be responsible for, nor have control over or charge of, construction means, methods, coordination, schedules, techniques, procedures, delays, site observation, or review of contractor's work, or for any health or safety precautions or programs. Client shall indemnify, defend, and hold harmless IMEG for contractor's or subcontractor's performance or the failure of contractor's or subcontractor's work to conform to Project design specifications and contract documents.

5. Additional Services: If the Project schedule or scope changes and additional Services are requested, IMEG shall send Client a Change Order and Client must approve such Change Order in writing or electronically prior to IMEG commencing work. Services performed pursuant to a Change Order shall be deemed an amendment to this Agreement and such additional Services shall be performed pursuant to these Standard Terms and Conditions.

IMEG shall not be responsible for any expense associated with any Services that are a betterment or added value to the Project.

6. Compensation/Payment: Client shall pay IMEG in full for all Services performed and expenses incurred. Services provided by IMEG on a time and material basis shall be performed in accordance with IMEG's Standard Hourly Rates, subject to annual update. If Client disputes any portion of an invoice, Client shall notify IMEG in writing within fifteen (15) Days of the invoice date by notice to ClientStatements@imegcorp.com. If no notice is received, Client agrees the invoice is accurate and to pay the amount in full. In no case are invoices subject to unilateral discounting, back-charges, or set-offs, and payment in full is due for Services performed regardless of whether this Agreement or the Project is terminated. Accounts unpaid sixty (60) Days after the invoice date may be subject to a monthly service charge of one- and one-half percent (1.5%) (or the maximum legal rate) on the unpaid balance. If any portion of an account remains unpaid 120 Days after the invoice date, IMEG may stop or pause performance of Services and institute collection action. Client shall pay all costs of collection, including reasonable attorney's fees. Collection actions and billing disputes shall not be subject to informal dispute resolution procedures as described in Section 8.

7. Ownership/Use of Instruments of Services: All drawings, specifications, BIM, reports, and other work product of IMEG developed for this Project are instruments of service owned by IMEG ("Instruments of Service"). Upon Client's payment in full to IMEG for all Services performed and expenses incurred, IMEG shall provide Client with a license to use the Instruments of Service for purposes consistent with the Project. Reuse of any Instruments of Service by Client or any third-party for any other use without the express written consent of IMEG shall be at Client's sole risk. Client shall indemnify, defend, and hold harmless IMEG against Losses arising out of unauthorized use or misuse of the Instruments of Service.

8. Dispute Resolution/Governing Law: Excluding collection actions and billing disputes as described in Section 6, claims or disputes between the Parties arising out of the Services or out of this Agreement shall be escalated for informal dispute resolution. If no informal dispute resolution is achieved within fifteen (15) Days of demand made by IMEG or Client, the Parties shall submit the matter to non-binding mediation (mediation being subject to the provisions in Section 8.2 of AIA Document C401-2017). The Parties shall include a similar provision as in this Section 8 with all contractors, subconsultants, and subcontractors, providing for non-binding mediation as the primary method of dispute resolution following informal dispute resolution as described in this Section. This Agreement and all questions, disputes, and litigation arising in connection with the Services shall be governed by, and brought in, the laws of the state where the Project is located.

9. Mutual Waiver of Damages: Each Party hereby expressly waives against the other Party any and all claims for consequential, indirect, punitive, special, incidental, exemplary, or liquidated damages. The waiver in this Section shall apply to any such damages listed herein sought to be recovered through any indemnity obligation in this Agreement.

10. LIMITATION OF LIABILITY: To the fullest extent permitted by applicable law, IMEG's total liability arising out of or related to this Agreement, for all Services performed on this Project, and for all Losses, whether based in contract or tort, in law or equity, or for negligent acts, errors, or omissions, from any cause, shall not exceed the total amount of \$200,000. This limitation of liability was negotiated after the Parties discussed the risks and rewards associated with the Project. No individual professional director, officer, or employee of IMEG shall be individually liable for negligence arising out of this Agreement. The limitation of liability established in this Section shall survive the expiration or termination of this Agreement.

11. Indemnification: Subject to Section 10, IMEG shall, to the fullest extent permitted by applicable law, indemnify and hold harmless Client against Losses to the extent caused by, and in proportion to, the negligence of IMEG in the performance of Services under this Agreement. IMEG shall not be obligated to indemnify Client for Client's own negligence.

Client shall, to the fullest extent permitted by applicable law, indemnify and hold harmless IMEG against Losses to the extent caused by, and in proportion to, the negligence of Client in the performance of its services under this Agreement. Client shall not be obligated to indemnify IMEG for IMEG's own negligence.

The other terms of this Agreement notwithstanding, in the event of any professional liability claim within the purview of the indemnification provisions of this Section, each Party shall control its own defense, and at the time of claim resolution, each Party shall provide reimbursement for reasonable defense costs and attorney's fees

recoverable under applicable law to the extent caused by the negligence of each Party as determined by a competent trier of fact. As such, the Parties recognize and expressly agree that the duty to defend is not applicable to professional liability claims and is wholly separate and distinct from the duty to indemnify and hold harmless as described in this Section.

12 Insurance: IMEG shall obtain and maintain the following insurance coverages: Commercial General Liability, Automobile Liability, Umbrella/Excess Liability, Worker's Compensation/Employer's Liability, and Professional Liability. Certificates of insurance shall be provided to Client upon request. When stipulated by the Parties, Commercial General Liability, Automobile Liability, and Umbrella/Excess Liability shall be written or endorsed to include additional insureds (which shall not be named additional insureds), primary/non-contributory coverage, and other coverages, subject to all policy terms, conditions, and exclusions, and any limitations as to coverage amounts as agreed upon in writing by the Parties.

13. Termination: Either Party may terminate this Agreement due to the other Party's material breach of this Agreement upon providing a ten (10) Day written notice to the breaching Party and an opportunity of at least five (5) Days to cure such material breach. Upon termination, payment in full to IMEG is required for all Services performed and expenses incurred through the date of termination. IMEG shall not be required to release any Instruments of Service until such payments have been received. If this Agreement is terminated or suspended due to Client's material breach, Client shall return all Instruments of Service within its possession or control, and any consequences (including delay) resulting from such termination or suspension shall be the sole responsibility of Client. The cancellation of the Project or the institution of bankruptcy proceedings by either Party shall be deemed a material breach and termination of this Agreement.

14. Assignment: Except for assignment by operation of law, neither Party shall transfer or assign any rights or duties under, or interest in, this Agreement, including, but not limited to, monies that are due or monies that may be due, without the prior written consent of the other Party, which shall not be unreasonably withheld. Subcontracting to subconsultants, normally contemplated by IMEG as a generally accepted business practice, shall not be considered an assignment for purposes of this Agreement.

15. Employment and Non-Solicitation: Except with the other Party's prior written consent, neither Party shall solicit the employment of, or employ any of the other Party's employees, during the performance of this Agreement and for a period of six (6) months thereafter, provided that any general solicitation for employment through a published advertisement shall not constitute a breach of this Section.

16. Force Majeure: Except as otherwise provided, no delay or failure in IMEG's performance of its obligations under this Agreement shall constitute a default or the incurrence of damages, if and to the extent, the delay or failure is caused by the occurrence of any contingency beyond the reasonable prevention or control, and without any fault, of IMEG. Unless such occurrence frustrates IMEG's performance, such occurrence shall not operate to excuse, but only to delay, IMEG's performance. Once such occurrence ceases, IMEG shall resume the performance of its obligations under this Agreement as soon as reasonably possible.

17. Severability and Non-Waiver: If any part of this Agreement is declared invalid or unenforceable, the remainder shall continue to be valid and enforceable. No failure to act by either Party shall be deemed to constitute a waiver of such Party's rights or remedies under this Agreement. Additionally, there shall be no legal presumption against the drafter of this Agreement in the event of a dispute as to the enforceability and/or interpretation of this Agreement.

18. Entire Agreement: If Client issues to IMEG a purchase order or similar document, none of the terms and conditions stated therein shall bind IMEG, and such document, whether signed by IMEG or not, shall be considered only as a document for Client's internal operational management. This Agreement represents the entire and integrated agreement between the Parties and supersedes all prior negotiations, representations, or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both Parties.

19. Equal Employment Opportunity: The Parties shall abide by the requirements of 41 CFR 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, national origin, and for inquiring about, discussing, or disclosing compensation. Moreover, these regulations require that covered prime consultants and

subconsultants take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or veteran status.

**Resolution of the County Board
of
Kankakee County, Illinois**

**RE: ZBA CASE #26-03; REZONING FROM A1-AGRICULTURE TO RE-RURAL ESTATE AND
VARIANCE TO SECTION 121-148e (LOT WIDTH) IN SECTION 04 OF BOURBONNAIS TOWNSHIP**

WHEREAS, an application pursuant to the terms of the Kankakee County Zoning Ordinance, has been filed by Harry Simmon and Jaymie Simmon sole beneficial owners of Chicago Title Land Trust No. 920, property owner and applicant in the Office of the County Clerk of Kankakee County for Rezoning from A1-Agriculture to RE-Rural Estate and Variance to Sec. 121-148e (Lot Width) on a parcel legally described herein Exhibit A, a copy of which is attached; and,

WHEREAS, the Zoning Board of Appeals held a duly noticed public hearing, on the application on April 13, 2026 and from the testimony and evidence presented findings were made as described in Exhibit B, a copy is attached and the ZBA recommends that the request of Harry Simmon and Jaymie Simmon sole beneficial owners of Chicago Title Land Trust No. 920, property owner and applicant, be approved; and,

WHEREAS, the Planning, Zoning, and Agriculture Committee (PZA), at its regularly scheduled and duly noticed meeting of April 21, 2026 having reviewed, discussed and considered the matter, has approved the request and adopted the findings and recommendation of the Zoning Board of Appeals, Exhibit B; and,

WHEREAS, all matters required by law of the State of Illinois and the Zoning Ordinance of Kankakee County have been completed; and,

WHEREAS, the County Board at its regularly scheduled meeting of May 12, 2026 after review, discussion, and consideration, agrees with the findings of the Zoning Board of Appeals and committee minutes of the PZA Committee, and finds that the conclusions expressed are both reasonable and rationally supported by the evidence presented, and the rezoning and variance will not be detrimental to the public health, safety, and economic and general welfare.

NOW, THEREFORE, be it resolved by the Kankakee County Board, State of Illinois as follows:

1. The findings of the Zoning Board of Appeals are hereby approved, confirmed, ratified, and adopted and the conclusions of the Planning, Zoning and Agriculture Committee based upon those findings are rational and in the public interest.
2. The findings, conclusions and recommendation expressed in the minutes of the Planning, Zoning, and Agriculture Committee meeting of April 21, 2026 are also supported by the record and are in the public interest and are also approved, confirmed, ratified and adopted.
3. Rezoning from A1-Agriculture to RE-Rural Estate and Variance to Sec. 121-148e (Lot Width) reducing the lot width from 150' to 20' be approved on a parcel legally described in Exhibit A, a copy of which is attached herein and made a part hereof.

PASSED and adopted this 12th day of May 2026.

Matthew Alexander-Hildebrand
County Board Chairman

ATTEST:

Dan Hendrickson
County Clerk

EXHIBIT A (ZBA CASE#26-03)

LEGAL DESCRIPTION:

A part of Lot Forty-seven (47) in the Subdivision of the Shawwawnassee Reservation in Townships Thirty-one (31) and Thirty-two (32) North, Range Eleven (11) East of the Third Principal Meridian, in Kankakee County, Illinois, described as follows: Commencing at the intersection of the East line of said Lot Forty-seven (47) with the approximate center line of Route 102; thence North 63 degrees 37 minutes 00 seconds West (as previously described) along said approximate center line a distance of 317.7 feet to a point; thence South 02 degrees 23 minutes 05 seconds East (formerly described as South 02 degrees 30 minutes 00 seconds East) a distance of 307.8 feet to an iron rod, said point to be known as the point of beginning. From said point of beginning; thence North 87 degrees 28 minutes 20 seconds East a distance of 128.82 feet to an iron pipe; thence South 02 degrees 31 minutes 55 seconds East a distance of 35.81 feet to an iron rod; thence South 18 degrees 58 minutes 15 seconds East a distance of 36.49 feet to an iron pipe; thence South 42 degrees 59 minutes 30 seconds East a distance of 52.92 feet to an iron rod; thence South 24 degrees 05 minutes 50 seconds West a distance of 137.17 feet to an iron rod; thence South 56 degrees 20 minutes 40 seconds West a distance of 30.00 feet to iron pipe; thence South 01 degrees 45 minutes 35 seconds East a distance of 25.04 feet to an iron pipe; thence South 82 degrees 35 minutes 00 seconds West a distance of 116.42 feet to an iron pipe; thence South 37 degrees 05 minutes 55 seconds West a distance of 189.90 feet to an iron rod; thence South 50 degrees 52 minutes 15 seconds West a distance of 120.00 feet to an iron pipe; thence North 02 degrees 33 minutes 35 seconds West a distance of 62.84 feet to an iron pipe; thence North 50 degrees 01 minutes 55 seconds East a distance of 81.53 feet to an iron pipe; thence North 25 degrees 30 minutes 10 seconds East a distance of 200.04 feet to an iron pipe; thence North 54 degrees 36 minutes 50 seconds East a distance of 69.95 feet to an iron pipe; thence South 81 degrees 28 minutes 10 seconds East a distance of 30.08 feet to an iron pipe; thence North 02 degrees 23 minutes 05 seconds West a distance of 180.80 feet to the point of beginning.

Kankakee County Zoning Board of Appeals

Mr. David DeYoung, Chairman

189 East Court Street

Kankakee, IL 60901

(815) 937-2940

FINDINGS OF FACT AND RECOMMENDATION OF THE KANKAKEE COUNTY ZONING BOARD OF APPEALS

These are the findings of fact and the recommendation of the Kankakee County Zoning Board of Appeals concerning an application from Harry Simmon & Jaymie Simmon in ZBA **Case No. 26-03**. The owners and applicants, Harry Simmon & Jaymie Simmon sole beneficial owners of Chicago Title Land Trust No. 920, are requesting a map amendment from A1 Agriculture to RE Rural Estate and a Variance to allow a reduction of the required lot width from 150' to 20' (Sec. 121-148e of the County Code) at 4776 D W State Route 102, Bourbonnais, IL, situated in Section 04 of Bourbonnais Township on parcel 17-08-04-101-014.

The subject property consists of a vacant 1.42-acre parcel. The property is commonly located south of State Route 102 and west of N 4690 W Rd. The subject property is within the designated boundaries of a wetland. The parcel was created in 1998. The map amendment to RE Rural Estate would allow the property to be established in compliance with current codes and regulations.

Greg Deck, Harry Simmon, and Jaymie Simmon were sworn in to testify. Mr. Deck stated that the subject property is a 1.42-acre parcel that is wooded and situated near the Kankakee River and also adjoining the state park. The subject property is along an easement. Mr. Deck stated that the subject property is situated in the center of seven single-family residences, and they are under contract to sell the property to build a single-family residence.

Mr. Simmon stated that they purchased the property in 1997, and they did not make the division of the property. When they purchased the property, all the homes were in existence.

Mr. Simmon stated that at the time of purchase, the easement did not exist to its current extent, but they paved, extended the road, connected it, and bought and installed a bridge.

Mr. Simmon stated that they had the easement tested for emergency vehicles, and it can accommodate them.

Mr. Deck stated that the subject property has never been used for agriculture or tillable land.

Mr. Deck stated the uniqueness of the property and how the parcel was created prior to Mr. and Ms. Simmon owning the property, and that the lot cannot change configuration.

Mr. Deck stated that the subject property was listed for six months, and there was an opportunity for those who wanted to purchase.

After due notice required by law, the Zoning Board of Appeals held a public hearing on this case on April 13, 2026, in the County Board Room, 4th Floor, Kankakee County Administration Building, Kankakee, Illinois, and hereby report their findings of fact and their recommendation as follows:

Site Information: See Staff Report (attached herewith).

Public Comments: There were 10 residents in attendance, and six provided public comments. See Transcript of Hearing.

John Forrestal, not an adjoining owner of the subject property, stated that they had concerns regarding road access. Mr. Forrestal stated that they do not use the easement for access to their home.

Caroline Viers, adjoining owner to the west of the subject property, stated they had concerns regarding limestone and the possible use of dynamite and the effects that would have on their well system. Ms. Viers also had concerns regarding heavy machinery on the road and who is responsible for correcting the roads once the construction is done. Ms. Viers stated that they use the easement for access to their home.

Mr. Garcia, adjoining owner to the north of the subject property, stated that they had concerns regarding water and pressure. Mr. Garcia also had concerns regarding the road capacity for heavy vehicles and the use of the easement.

Doreen McBride, adjoining owner to the east of the subject property, stated that they had concerns regarding the solid rock bed and dynamite use in construction.

Judy Judy, adjoining owner to the east of the subject property, stated that they want to make sure the neighbors can cover what Harry and Jaymie have done regarding road maintenance. Ms. Judy has also been maintaining the creek on the subject property and has concerns about a fence being placed on her property. Ms. Judy stated that the adjoining owners may have wanted to buy the land.

Michele Bernhardt, adjoining owner to the north of the subject property, stated that their house was built in 1949 and they have an old well and septic, and had concerns regarding someone tapping into the water supply. Ms. Bernhardt also had concerns regarding road access for emergency vehicles since it is a single lane. Ms. Bernhardt asked where they would be parking construction vehicles to keep the road open for emergency vehicles.

MAP AMENDMENT

Analysis of Ten Standards: After considering all the evidence and testimony presented at the public hearing, the Board makes the following analysis of the ten (10) standards listed in Section 121-37e3a (Standards for Map Amendments) of the Kankakee County Zoning Ordinance that must all be found in the affirmative prior to recommending granting of the petition.

1. The proposed amendment is consistent with the purpose and intent of the zoning ordinance.

The Board finds that the property consists of a heavily wooded and approximately 1.42-acre vacant parcel of land with a small creek running through it. Rezoning is requested in order to allow construction on the property of a single-family residence. The property is situated in the midst of a number of larger lot parcels used for residential purposes independently of agriculture. Since the RE-Rural Estate zoning classification is intended to promote low density residential uses of a semirural character located in areas of existing large lot development, rezoning the property to RE-Rural Estate is consistent with those purposes. The dissenting vote provided no comment.

2. The proposed amendment is consistent with the goals, objectives, and policies of the comprehensive plan.

The Board finds that the property is located in a cluster of semirural residences. Rezoning the property to RE-Rural Estate is consistent with both the objectives and policies of the Kankakee County Comprehensive Plan in keeping such residential uses in relatively close proximity to one another. The dissenting vote provided no comment.

3. All required utilities, such as water and sanitary facilities, drainage, access to public rights-of-way, recreational facilities, educational facilities, and public safety facilities have been or will be provided, and possess or will possess adequate capacity and/or manpower to accommodate the permitted uses within the zoning classification being requested.

The Board finds that there are currently no utility services in operation at the property since it is a vacant parcel of land. A water well will be drilled and a septic system installed to service the residence proposed for the property. The property is located in close proximity to Illinois State Route 102. As a result, the property has easy and adequate access to roads, recreational facilities, educational facilities, and public safety facilities. The dissenting vote provided no comment.

4. Compatibility with existing uses of property and the zoning classification of property within the general area of the property in question.

The Board finds that rezoning the property to RE-Rural Estate is compatible with the existing residential uses in the general area of the property which contains a number of other existing semirural residences.

The dissenting vote provided no comment.

5. The permitted uses in the zoning classification being requested will not substantially increase the level of congestion on public rights-of-way.

The Board finds that rezoning the property will not substantially increase the level of congestion on public rights of way since only one single family residence is proposed for the property. In addition, the property is 1.42 acres in size which when improved with a residence will result in low density usage.

The dissenting vote provided no comment.

6. The suitability of the subject property for the uses permitted under the existing zoning classification.

The Board finds that since the property is heavily wooded and has a creek running through it, the property is not suited for agricultural purposes. In addition, a 1.42-acre parcel of land is very small in relation to normal farm sizes and, therefore, makes use of the property for agriculture impractical.

The dissenting vote provided no comment.

7. The suitability of the subject property for the uses permitted under the proposed zoning classification.

The Board finds that since the property contains woods and is secluded in nature, it makes a very desirable residence site. Therefore, the property is suitable for the residential uses provided by RE-Rural Estate district zoning.

The dissenting vote provided no comment.

8. The trend of development, if any, in the general area of the property in question, including changes, if any, which have taken place since the day the property in question was placed in its present zoning classification.

The Board finds that all of the recent development in the area is residential. Rezoning this property to RE-Rural Estate district is consistent with that trend of development.

The dissenting vote provided no comment.

9. The proposed map amendment is within one and a half miles of a municipality.

The Board finds that this property is located more than one and one half mile from a municipality.

The dissenting vote provided no comment.

10. That the LESA report reflects the suitability of the site for the proposed map amendment requested and uses allowed therein.

The Board finds that the subject property has a LESA report that is suitable for the site.

The dissenting vote provided no comment.

VARIANCE

Analysis of Four Standards: After considering all the evidence and testimony presented at the public hearing, the Board makes the following analysis of the four (04) standards listed in Section 121-37g4 (Standards for Variances) of the Kankakee County Zoning Ordinance that must all be found in the affirmative prior to recommending granting of the petition.

- 1. Because of the particular existing use, physical surroundings, shape, or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, if the letter of the regulations were to be carried out.**

The Board finds that the property has existed in its current configuration and with access to and from State Route 102 via an ingress and egress easement since at least 1998 which is more than 25 years ago. In addition, the property adjoins the Kankakee River State Park which prohibits a normal through street from being used for access to the property. As a result, the only access to the property whether for agricultural purposes or for residential purposes is via the ingress and egress easement. Therefore, not granting a variance for reduction in the required minimum lot width from 150 feet to 20 feet in order to utilize the long-standing ingress and egress easement will result in a hardship. The variance is required in order to allow the enjoyment of the benefits of residential use of the property of a semirural character as contemplated by the proposed RE Rural Estate zoning district. The dissenting vote provided no comment.

- 2. The conditions upon which a petition for a variation is based are unique to the property for which the variation is sought and are not applicable, generally, to other property with the same zoning classification.**

The Board finds that the need for the lot width variance is unique to this property as a result of the property's existing method of access and existing configuration. The dissenting vote stated that while the property is unique, they feel it is not suitable for a home and did not provide further comment.

- 3. The granting of the variation will not be detrimental to the public welfare, nor injurious to other property or improvements in the neighborhood in which the property is located.**

The Board finds that granting the lot width variance will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood. All of the property in the neighborhood is devoted to semirural residential purposes. Several other existing residences are also served by the same ingress and egress easement. The dissenting vote provided no comment.

- 4. The proposed variation will not impair an adequate supply of light and air to adjacent property, nor substantially increase the congestion of the public street, nor increase the danger of fire, nor endanger the public safety, nor substantially diminish or impair property values within the neighborhood.**

The Board finds that granting the variance will not impair the supply of any light or air to adjacent properties or increase congestion on the public street, increase the danger of fire, endanger the public safety, or substantially diminish or impair property values within the neighborhood since the required lot width reduction is already in place for other nearby residences and consistent with semirural residential property uses in the area. The dissenting vote provided no comment.

Recommendation: We find that the proposed rezoning and variance requested meets all the standards for recommending granting as found in Section 121-37e3a and Section 121-37g4 of the Kankakee County Zoning Ordinance and that such request is in the public interest. Therefore, the Zoning Board of Appeals

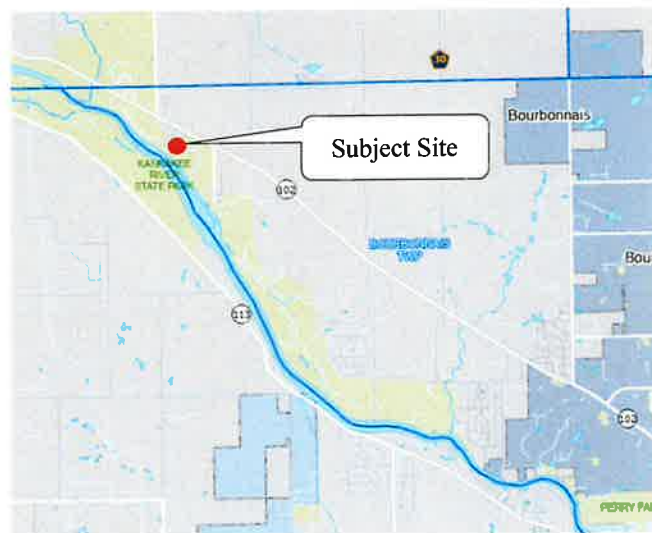

hereby recommends that the zoning district classification of the property described above be changed from A1 Agriculture to RE Rural Estate and the variance regarding the reduction of required lot width from 150' to 20'.

Roll Call Vote: The roll call vote was five (5) members for the motion to recommend granting, one (1) opposed.

Respectfully submitted this 13th day of April 2026 by the Kankakee County Zoning Board of Appeals.

1

Summary of this Request

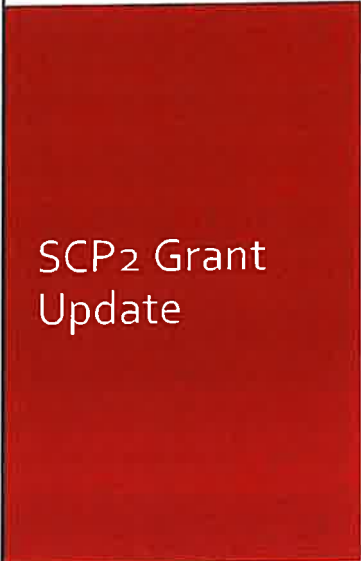

KRLBA is seeking approval to expend SGP's grant funds for acquisition of properties in Kankakee County. All properties will be stabilized, marketed, and sold for rehab and occupancy within 12 months of sale. Properties are listed by method of acquisition.

Via abandonment petition or lien foreclosure

10971 Country Ln*	371 S Coley Ave	1172 E Maple Street
1995 N Myrtle Avenue*	622 S Greenwood Ave	356 N Greenwood Ave
263 N 8th Avenue*	213 E Birch Street	424 N Illinois Ave
215 N Chicago Avenue*		360 S Poplar Ave
1744 N Dearborn Avenue*		605 E Merchant Ave
		857 N Rosewood Ave

* Acquisition efforts discontinued. Request is for authorization to request reimbursement for past work only.

2

SCP2 Grant Update

- SCP2 requires KRLBA to expend funds first and get reimbursed by the grant.
- KRLBA has received approval from IHDA to work on these properties for acquisitions up to \$5,000 in each instance.
- Authorization from the County is required to allow us to incur expenses and to request reimbursement.

3

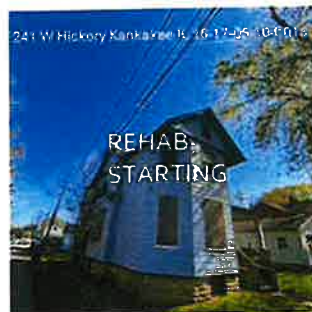

Update on properties transferred from the City of Kankakee.

4

Update on Donated Properties

- **427 S Chicago Ave** and **762 Webster Circle East** were partially rehabbed with new roofs, gutters, and downspouts. Both properties are under contract for sale.
- KRLBA paid to demolish **254 W Merchant St.** The vacant lot is for sale as a Side Lot. A neighbor has requested to purchase the property to expand their yard. They will add a fence and finish the landscaping.
- **360 S Elm Ave** is receiving a new foundation and will receive a new roof. KRLBA has cleaned out **241 W Hickory Ave** and **242 S Entrance Ave** is replacing the roofs, gutters and downspouts.
- As properties are completed, they are offered for sale.

5

6

Updates on properties pursued using abandonment petitions & lien foreclosure.

KRLBA identifies properties that have delinquent property taxes, unabated code violations or liens, and which are vacant and legally abandoned. KRLBA pursues these via legal action, including either a petition under abandonment or a transfer of existing liens and subsequent foreclosure.

KRLBA may be successful in identifying an owner or responsible party, in which case we can withdraw our petition or negotiate a transfer of the property to the land bank.

Properties acquired via abandonment petition or lien foreclosure.

- Work has started on **1065 S 4th Ave.** Land bank has cleaned it out and replaced the roof, gutters and downspouts. **643 S Myrtle Ave** and **980 S 6th Avenue** were recently acquired and have been cleaned out.
- **1329 S 6th Ave** was recently acquired. KRLBA is determining next steps.
- Lien foreclosures on two other properties in Kankakee have resulted in owners stepping forward to pay off liens and clear title, which is helping improve the marketability of those properties.

Of
Kankakee County, Illinois**

RE: RESOLUTION AUTHORIZING THE KANKAKEE COUNTY BOARD CHAIRMAN TO EXECUTE AND AMEND AN AGREEMENT WITH ARCHITECT COLE JARVIS FOR ARCHITECTURAL SERVICES FOR COUNTY OF KANKAKEE BUILDINGS

WHEREAS, the County of Kankakee experienced significant damage to county-owned structures and facilities as a result of the storm occurring on March 10, 2026; and

WHEREAS, the County has determined that architectural services are necessary to assess the damage, prepare plans, documents, and drawings, and support the development of bid specifications required for repair and restoration work to county buildings; and

WHEREAS, Architect Cole Jarvis possesses the necessary qualifications and experience to provide these architectural services; and

WHEREAS, it is in the best interest of the County of Kankakee to enter into an agreement for such services in order to expedite repairs and ensure that the work is completed in accordance with applicable standards and requirements; and

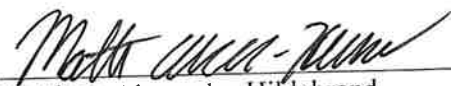

WHEREAS, the cost of architectural services associated with this work shall not exceed \$169,415.00.

NOW, THEREFORE, BE IT RESOLVED by the County Board of Kankakee County, Illinois, that the Kankakee County Board Chairman is hereby authorized to execute, and if necessary amend, an agreement with Architect Cole Jarvis for the purpose of providing architectural services related to the repair of county buildings damaged in the March 10, 2026 storm; and

BE IT FURTHER RESOLVED that said agreement shall include the preparation of plans, documents, and drawings for the purpose of soliciting bids for the repair work; and

BE IT FURTHER RESOLVED that total compensation paid under this agreement shall not exceed \$169,415.00.

Proposal - Architectural Services

Date: May 8, 2026

Client: Kankakee County
189 E. Court Street
Kankakee, Illinois 60901

Project Name: Roof Projects for Multiple Kankakee County Buildings
Location: Throughout Kankakee County

Description of Services: Design and Documentation

The intent of this proposal is to create an outline of the services needed to complete your projects. The scope of work includes creating drawings and bid documents for the replacement of existing roofs for a variety of buildings owned by Kankakee County. The documents are needed in order to put out for bids.

The initial step in the drawing process is to field verify existing conditions and evaluate what is the existing roof system is provided by Kankakee County through either their records and/or roof core samples (provided by others). Construction cost estimating and construction scheduling to be provided by others. Coordination with Kankakee County is required for access to the existing roof for field verifications.

Each building is listed below with the associated fees. Scope for each is the same, as stated. These projects are not listed in any particular order. Metal roof buildings are not a part of this invoice. Kankakee County Courthouse is not a part of this proposal. This proposal serves as an outline for each project's associated architectural fee. If a project listed does not go forward, Kankakee County is not obligated for the fee associated with that project.

Construction Documents – Bid and Permit Drawings

1. Architectural
 - A. Site visits to verify existing roof conditions, including roof components and schematic measurements.

Mr. Chairman and Members of the Finance Committee,

The following is the claims report for the period ending on March 31, 2026.

Per 55 ILCS 5/3-1005-1006) Sec. 3-1005 (a): Audit all claims against the county and recommend to the county board the payment or rejection of all the claims presented.

The following claims have been submitted for the County Board's review. The auditor has examined each claim to ensure accuracy, completeness, and compliance with applicable policies and guidelines. Each claim has undergone a thorough examination by the auditor, who is responsible for ensuring they align with county policies, budget guidelines, and legal requirements. The auditor reviews the claims for accuracy, completeness, and appropriateness, identifying any discrepancies or concerns. Following this process, the auditor issues a recommendation for approval or non-approval based on the findings. Based on this review, the auditor recommends the approval of the claims listed below.

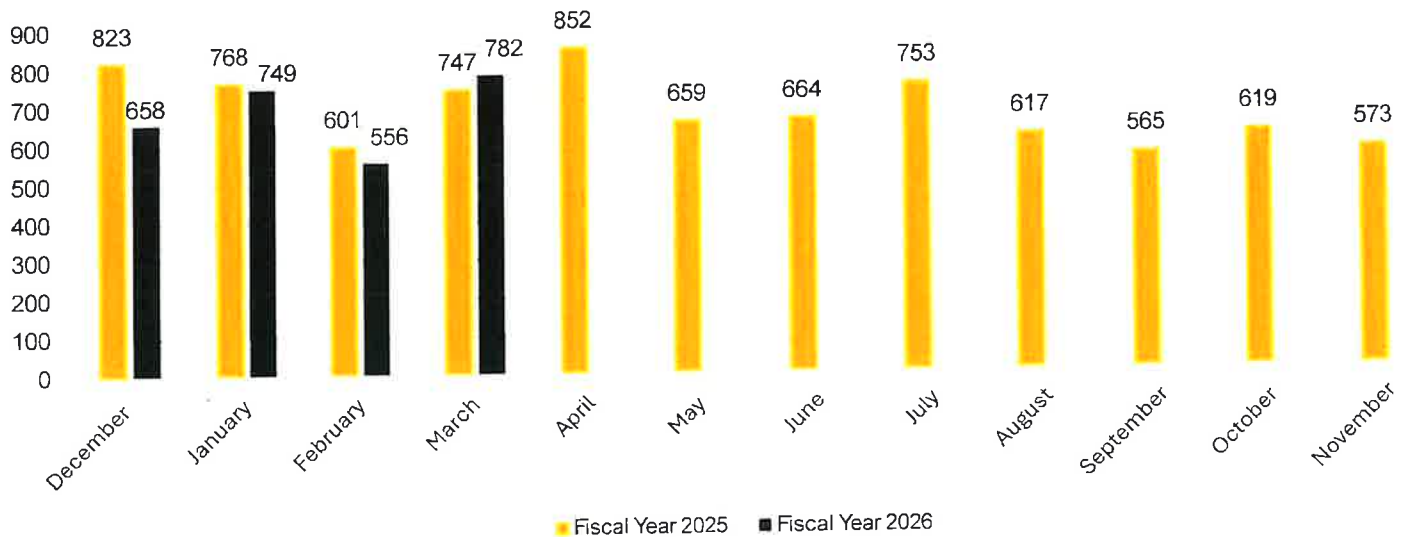

After receiving the auditor's recommendations, the board takes formal action on the claims. The board carefully reviews each recommendation to ensure the claims meet county financial and operational standards. Upon authorizing payment for the approved claims, the board ensures that the county meets its financial obligations promptly. This process reflects the county's commitment to responsible fiscal management and ensures accountability and transparency in handling public funds.

The following is a breakdown for each fund code for the period ending on March 31, 2026:
